

TONBRIDGE & MALLING BOROUGH COUNCIL

AUDIT COMMITTEE

25 June 2007

Report of the Director of Finance and the (Former) Chairman of the Audit Committee

Part 1- Public

Matters for Information

1 ANNUAL REPORT ON THE WORK OF THE AUDIT COMMITTEE 2006/07

Summary

This annual report informs Members of the work carried out by the Audit Committee during 2006/07 as part of the overall Corporate Governance process of the Council.

1.1 Background

1.1.1 During the Key Lines of Inquiry inspection of 2005 it became clear that the Council would require an Audit Committee in order to meet these requirements. This was followed by the CIPFA publication "Audit Committees: Practical Guidance for Local Authorities".

1.1.2 It was agreed in the Council Meeting of December 2005 that the Council should form an Audit Committee with terms of reference aligned to the guidance given in the CIPFA publication.

1.1.3 The inaugural meeting of the Audit Committee took place in April 2006.

1.2 Role of the Audit Committee

1.2.1 CIPFA guidance states that the purpose of the committee is "to provide independent assurance of the adequacy of the risk management framework and the associated control environment, independent scrutiny of the authority's financial and non-financial performance to the extent that it affects the authority's exposure to risk and weakens the control environment, and to oversee the financial reporting process".

1.2.2 The terms of reference of the Audit Committee, as set out in the guidance, are divided into three areas; audit activity, corporate governance framework and accounts, and are as follows:

Audit activity

1. To consider the Director of Finance's annual report and opinion, and a summary of internal audit activity (actual and proposed) and the level of assurance it can give over the council's corporate governance arrangements.
2. To consider summaries of specific internal audit reports as requested.
3. To consider reports dealing with the management and performance of the providers of internal audit services.
4. To consider a report from internal audit on agreed recommendations not implemented within a reasonable timescale.
5. To consider the external auditor's annual letter, relevant reports, and the report to those charged with governance.
6. To consider specific reports as agreed with the external auditor.
7. To comment on the scope and depth of external audit work and to ensure it gives value for money.
8. To liaise with the Audit Commission over the appointment of the council's external auditor.
9. To commission work from internal and external audit.

Corporate governance framework

10. To maintain an overview of the council's constitution in respect of contract procedure rules, financial procedure rules and codes of conduct and behaviour.
11. To review any issue referred to it by the chief executive or a chief officer or any council body.
12. To monitor the effective development and operation of risk management and corporate governance in the council.
13. To monitor council policies on ['Raising Concerns at Work'] and the anti-fraud and anti-corruption strategy and the council's complaints procedure.
14. To oversee the production of the authority's statement on internal control and to recommend its adoption.

15. To consider the council's arrangements for corporate governance and agreeing necessary actions to ensure compliance with best practice.
16. To consider the council's compliance with its own and other published standards and controls.

Accounts

- 17 To review the annual statement of accounts. Specifically, to consider whether appropriate accounting policies have been followed and whether there are concerns arising from the financial statements or from the audit that need to be brought to the attention of the council.
18. To consider the external auditor's report to those charged with governance on issue arising from the audit of the accounts.

1.3 Audit Activity

- 1.3.1 The Audit Committee were involved in the audit process immediately when they were asked to consider and endorse the audit plan for 2006/07. This plan formed the basis for the internal audit coverage to be achieved in that year.
- 1.3.2 During the year the Committee were regularly given updates in summary form of the work carried out by the Internal Audit Section and debated issues arising from the information arising from the summaries. All of the summaries gave the audit opinion on the level of assurance as evidence for an overall opinion of the internal controls of the Council.
- 1.3.3 At the year end a report was provided to Members giving a summary of the audit performance including the outcomes of recommendations made and the quality of service provided as determined by feedback from audit questionnaires.
- 1.3.4 In addition, Members were asked to approve the Terms of Reference of the Audit Section as contained within the Audit Charter.
- 1.3.5 Upon the release of the CIPFA Code of Practice for Internal Audit in Local Government, Members were informed of the likely effect on Internal Audit that this would have. A full assessment of the Internal Audit Section against the Code Checklist is reported in a separate paper to this Committee.
- 1.3.6 Besides being informed of Internal Audit matters, the Audit Committee became the conduit for the Council's external auditors to provide assurance on the results of their inspections. The Audit Commission have shown a commitment to the Committee by having a presence at every meeting and participating in the debates where appropriate.

1.4 Corporate Governance Framework

- 1.4.1 The Committee have taken an active part in the ongoing promotion of Corporate Governance.
- 1.4.2 In order to continually promote a Corporate Governance culture within the Council the following documents are reviewed annually: -
- Anti-Fraud Policy
 - Benefits Anti-Fraud Policy
 - Confidential Reporting Code
 - Risk Management Strategy

This Committee has considered all of these documents prior to recommending their endorsement by the responsible bodies as set out in the Council's Constitution.

- 1.4.3 Members have been informed on any matters arising from concerns raised using the Confidential Reporting Code and their subsequent outcome.
- 1.4.4 As part of the Risk Management process Members were informed regularly on the progress of the outcome of insurance claims against the Council and the actions arising to reduce the likelihood of similar claims arising.
- 1.4.5 Members have also been informed on the Risk Register processed used to manage risks within sections. All reports to Committees include a Risk Assessment as part of the reporting template.

1.5 Accounts

- 1.5.1 The Audit Committee reviewed the annual statement of accounts prior to their presentation to Cabinet and Council.
- 1.5.2 The Committee also received the external auditor's report on issues arising from the audit of the accounts.

1.6 Statement on Internal Control

- 1.6.1 The information provided to the Audit Committee during the year enabled them not only to meet their purpose as set out in the CIPFA Guidance but it also enabled them to have an informed opinion when endorsing the Statement on Internal Control.
- 1.6.2 This document is the main supporting document to the accounts for the Council to make a declaration that it has an adequate internal control system, adequate risk management processes and is complying with proper accounting practices.

1.7 Training

- 1.7.1 As part of the continuing development of the Audit Committee training has been a regular feature of meetings. Training has been given internally by on the Audit Cycle and Risk Management processes within the Council.
- 1.7.2 The Audit Commission provided an explanation of the role and objectives of External Audit.
- 1.7.3 CIPFA provided a training session on the role of the Audit Committee based on the Guidance given in their publication.
- 1.7.4 Excellent feedback has been received from all of these training sessions.

1.8 Legal Implications

- 1.8.1 None.

1.9 Financial and Value for Money Considerations

- 1.9.1 The formation of the Audit Committee has enabled there to be one central Committee for all matters relating to Audit and Corporate Governance to take place.

1.10 Risk Assessment

- 1.10.1 The Council is subject to an annual review against the Key Lines of Enquiry. Not having an Audit Committee would restrict the scoring potential of the Council and could lead to a reduced performance assessment.
- 1.10.2 The Audit Committee plays an important role in ensuring that an adequate system of internal control and risk management exists within the Council.

1.11 Summary

- 1.11.1 The Audit Committee has established itself in a very short space of time and has attained the objective of providing an additional independent level of assurance.
- 1.11.2 It has also provided a focal point for all matters of Corporate Governance to be discussed and has raised the profile of Risk Management within the organisation.
