

Tonbridge & Malling Borough Council

Internal Audit Operational Plan

2010-11

SUMMARY

Introduction

- 1. This operational plan sets out the audit programme for the financial year 2010-11. The work planned takes into account:
 - Internal Audit's objectives
 - key issues for 2010-11
 - the results of previous audits
 - the cyclical programme of audit work
 - the resources available
 - level of Risk within each service
 - compliance with the CIPFA Code of Practice for Internal Audit 2006
 - Working with the localised CIPFA Internal Audit Manual.
- 2. The summary audit plan for 2010-11 is shown on pages 8 and 9 of this document.

Internal Audit's Definition

3. The definition for Internal Audit is stated in the CIPFA Code of Practice for Internal Auditors in the UK 2006:

Internal audit is an assurance function that provides an independent and objective opinion to the organisation on the control environment by evaluating its effectiveness in achieving the organisation's objectives. It objectively examines, evaluates and reports on the adequacy of the control environment as a contribution to the proper, economic, efficient and effective use of resources.

Planning considerations

- 4. In order to make best use of audit resources, the need for audit reviews in individual areas is considered, based on a risk assessment, which evaluates:
 - materiality
 - the inherent risk associated with that activity (high risk activities are those which involve access to cash or complex activities where errors could arise or potential embarrassment risk to the council)
 - individual Risk Registers
 - the controls in place to prevent and detect losses and errors
 - knowledge from previous audit reviews.
- 5. This risk assessment is then translated into a three year strategic audit plan which shows the frequency of audit reviews, and an annual operational plan which sets out the areas to be covered in the current year, taking into account resource constraints.
- 6. In compiling the Plan for 2010-11, I have taken into account:
 - my financial and other risk assessment of the Council's activities
 - · discussions with officers
 - the incidence of irregularities over the past year
 - resources available
 - liaison with the Audit Commission
 - key issues identified (as follows)

Key Issues for 2010/11

| Key issue identified | effect on Audit Plan | where addressed |
|---|--|--|
| Corporate Performance Assessment (CPA) Key lines of enquiry. | Audits will follow up the action of any areas in need of improvement identified by the CPA key lines on | Whole plan |
| Freedom of Information | enquiry process. Audits will ensure that the risks associated with the Freedom of Information Act have been taken account of. | Whole Plan |
| Risk Management Strategy and Corporate Governance Framework | Audit reviews to include examination of compliance with Risk Management and Corporate Governance Requirements in particular the requirement to produce evidence for the Annual Governance Statement. | Whole plan |
| Risk Registers | All high impact, high likelihood risks identified in operational risk registers will be covered in the audit plan. | Whole plan |
| Document image processing system (DIPS). | An audit review of the DIPS system will be completed. | Audit of the DIPS system. |
| The Accounts & Audit Regulations 2006 | Audit reviews will be undertaken to ensure compliance with the regulations. | Whole plan |
| Publication by CIPFA of: Code of Practice for Internal Audit in Local Government in the United Kingdom 2006 | We need to ensure that our work is carried out to the standards set out in the Code of Practice. | Whole plan |
| Publication of the Institute of Internal Auditors Code of Ethics & International Standards | We need to ensure that our work is carried out to the standards set out in the Code. | Whole plan |
| Money Laundering | Audit reviews will consider any issues relating to the Anti Money Laundering Policy. | Income collection audits |
| National Performance Indicators (NPI) | We need to ensure that we have checked a sample of NPI calculations and results. | NPIs will be checked within individual audits. |
| Implementing "E" Government (IEG) | Audit reviews will consider any issues relating to IEG. | Whole Plan |

| International Auditing Standards (ISA) | Sampling techniques will be used to match the Audit Commissions to minimise duplication of work on key systems for the year | Whole Plan |
|---|---|------------|
| Procurement and efficiency savings/Gershon and Value for Money. | Identify areas where efficiency savings can be made. | Whole Plan |
| The increased risk of fraud and error due to the recession | Identify areas that are more likely to be at risk of fraud and error | Whole Plan |

The Plan for 2010-11

Risk based system audits

7. These are audits carried out on a cyclical basis, to check that the Council has satisfactory systems of internal control in place for all significant areas of expenditure and income. Major income and expenditure systems are reviewed annually with a full CIPFA matrix audit being performed every three years. Some of these functions such as budgetary control will be undertaken as part of the work on most audits. CIPFA matrices detail all the internal controls that should be in place within the system and associated audit tests to ensure they are in place.

| audit area | review objectives |
|---|--|
| General ledger (the main accounting system) | To check controls over entries to the main accounting system to make sure that data is processed completely and accurately. |
| Payroll | To check that controls ensure we pay the right person the right amount for work done. |
| Purchasing and creditors | To check that the ordering and receipt of goods and services and payments for them are in accordance with Financial Procedural Rules and that the Council receives value for money from its purchases. |
| Debtors | To check that controls ensure debtors' accounts are promptly and correctly raised and that income due is promptly collected. |
| Council Tax | To check that there are controls in place to ensure that all persons liable for Council Tax receive correctly calculated bills and amounts due are promptly collected. |
| NNDR | To review the controls in place to ensure that businesses liable to pay non domestic rates receive correctly calculated bills and that amounts due are promptly collected. |
| Housing Benefits | To check that there are controls in place to ensure that benefits are only paid to those |

| Investments To check that controls over investments ensure that: • purchases and sales of investments are properly authorised • all income earned is received and properly recorded • unauthorised disposals or loss of investments is prevented or promptly detected. • And due to the current economic climate there will also be monthly checks to ensure that the lending list has been updated and all investment have been properly considered and well documented. Budgetary Control - • revenue • capital To check that: • budgets prepared are complete • budgets are monitored regularly and action is taken by budget holders in response to significant variances • Regular year end forecasts are reported to Members. Stock Control To check that: • Stocktakes of all goods held are undertaken regularly and that the results of the stocktakes are being analysed Income Collection - • Cash collection machines • Leisure • secure arrangements exist for the collection and recording of monies collected. • all monies collected are promptly, | | entitled to receive them. |

Discrete audit areas

| audit area | review objectives |
|---------------------|---|
| Insurance | This audit will examine the policies and levels of cover in place in order to ensure that it is adequate following the recent retendering. |
| Post Opening | This audit will test the internal controls in place to ensure that post opening procedures allow post to be handled securely. |
| Business Continuity | To ensure that services have been considered in the Business Continuity Plan and procedures are in place to enable Business Continuity. |
| Risk Management | To identify areas of High Impact, High Likelihood and to review the internal controls in place in order to minimise the risk. Also ensure that Risk Registers are regularly reviewed and any significant movement in risks is adequately addressed. |
| Computer Audit | The audit section will work in liaison with the IT Section to ensure that IT policies are adhered to. |

Arrangements to prevent fraud and corruption

| audit area | review objectives |
|------------------------|--|
| Contract Audit work | To check that Contract Procedural Rules are complied with. To ensure controls are in place for the proper letting and management of contracts and that contract payments are made in accordance with contract terms. |
| Travel Claims | The review will consider whether we have controls in place to ensure that all sums claimed from the Council are reasonable and accurately recorded in our accounting records. |
| Petty Cash | To examine that petty cash is maintained accurately and that expenditure incurred is appropriate. This will take place at the time of unannounced cash ups. |
| Cashing up | To check that officers are able to account for all income received by them on the day of the cashing up. |
| Special investigations | To carry out investigations into suspected frauds, losses etc. |

To follow up recommendations made in previous

reports and to check that agreed action has been implemented.

Audit programme for 2010-11

| Systems based audits | Total |
|--|-------|
| | days |
| | 10/11 |
| Main accounting system | |
| Payroll (including salaries, wages, | 5 |
| overtime payments, expenses) | |
| Creditors (including ordering, receiving | 5 |
| and authorising payments for goods and | |
| services) Debtors | 10 |
| Housing and Council tax benefits | 20 |
| Non-domestic rates | 10 |
| Council tax | 5 |
| Investment income | 15 |
| DIPS | 5 |
| VAT | 5 |
| V/(I | |
| Sub Total | 85 |
| | |
| Income collection (a selection of sites | |
| reviewed each year): | |
| Income receipting/Cash | 10 |
| Machines | |
| Larkfield Leisure Centre | 15 |
| Angel Leisure Centre | 7 |
| Tonbridge Pool | 10 |
| Poult Wood | 5 |
| Other Leisure Activities | 24 |
| Car Parks | 5 |
| Development Control | 5 |
| Building Control | 5 |
| Land Charges | 5 |
| 0 | 0.4 |
| Subtotal | 91 |
| | |
| Discrete audit areas | Total |
| | days |
| Insurance | 5 |
| Post Opening | 5 |
| | |
| Subtotal | 10 |
| Arrangements to prevent and detect | Total |
| fraud and corruption (Other than cash | iotai |
| and compact (other than odd) | |

| ups and petty cash). | days |
|---|------|
| Contract audit | 6 |
| Housing Benefits – Fraud Prevention | 5 |
| Travel Claims | 5 |
| Other reviews | 189 |
| Subtotal | 205 |
| | |
| Follow up of action agreed in previous | 25 |
| audit reports and advice and guidance | |
| Audit background work and research e.g. Planning, Management, reading journals and Committee reports etc. | 114 |
| Total resources required | 530 |

- 8. Total audit resources available for the year are estimated at 530 days, assuming the Section remains fully staffed all year. The Chief Internal Auditor is required to advise Members on the level of resources within the section.
- 9. It is the opinion of the CIA that the level of resources within the section will enable the audit plan to be met and in turn meet the assurance levels required as evidence for the Annual Governance Statement.

Reporting protocol

10. We aim to involve auditees at key stages of the audit process, to ensure their agreement to audit findings and recommendations. The table below sets out how auditees will be involved in the audit process.

| Audit stage | Involvement |
|---|---|
| Agreement of brief at the | Head of Service |
| start of the audit | Tiedd of Octvide |
| Discussion of main | Service Manager |
| findings arising from an | Control Manager |
| audit at draft report stage | |
| Draft report | Service Manager/Auditee |
| Agreed report | Director of Finance (Chief Executive if Finance |
| 3 | Audit) |
| | Head of Service and Auditees |
| Action Plan on audit | Head of Service |
| recommendations | |
| Audit satisfaction | Head of Service |
| questionnaire completion | |
| Where an action plan is | Head of Service |
| not returned, follow-up | |
| procedures will commence | |
| after 28 days of report | |
| issue date. | |
| Annual Report (with a | Management Team & Audit Committee |
| summary of work covered, | |
| number of classified | |
| recommendations made | |
| and action, satisfaction | |
| levels achieved. The audit | |
| opinion will be given and a report of action taken will | |
| be given for | |
| "Unsatisfactory" opinions.) | |
| Annual Operational Plan | |
| Three year Strategic Plan | |
| Quarterly progress reports | Management Team & Audit Committee |
| (with a summary of work | ŭ |
| covered, number of | |
| classified | |
| recommendations made | |
| and action, satisfaction | |
| levels achieved. The audit | |
| opinion will be given and a | |
| report of action taken will | |
| be given for | |
| "Unsatisfactory" opinions.) | |
| Recommendations that | |
| have been accepted and | |
| not implemented will also | |
| be reported. | |

Audit Process

- 11. We will continue to define recommendations in order to give recipients of audit reports a measurement of how significant the recommendation is considered to be with regards to action required. There are three classes of recommendation made as follows:-
 - High Fundamental weakness in the system that puts the Council at risk.
 - Medium System weakness that leaves the system open to risk.
 - Low Desirable improvement to the system.
- 12. The system of giving an audit opinion was introduced during the year 2001/2002 as part of a move towards a risk management approach.
- 13. The audit opinions can be viewed at [Annex 2].
- 14. The 'topics' being covered can be viewed at [Annex 3].

David Buckley - Chief Internal Auditor - April 2010.
