**Amortised Grants** - The IFRS code no longer also Government Grants to be written off against the asset over its useful life, therefore the credit incurred in 2009/10 needs to be reversed.

**Capital Grants** - In line with the amortised grants rather than writing them off they are fully recognised in the year of receipt.

**Embedded Leases** - The IFRS code requires the calculation and inclusion of lease financial for contractor assets which are used predominately by the authority to provide services. In this case it is for Street Cleansing and Refuse Collection.

**Investment Properties** - This corrects the issue identified in the Audit of Accounts for 2008/09 which was corrected in the 2009/10 financial year.
