Procurement	1	Final Report issued	<b>Substantial</b>	Audit testing found that the council had a Procurement Strategy in place that is considered to be in line with best practice. There were adequate financial procedure rules and sound arrangements in place for these rules to be followed in practice though some opportunities to further enhance controls were identified. The audit also found that there were good arrangements in place to ensure the council is obtaining best value by exposing high value purchases to competition and seeking to tie expenditure into contracts where beneficial.
Experian	1	Final Report issued	<b>Limited</b>	The audit found while there were arrangements in place to manage access given to officers using Experian, guidance provided to users was limited. Arrangements to record searches carried out varied across the services using Experian and there were not robust arrangements in place to monitor reports received from Experian to confirm all searches are appropriate; however it should be noted that review of available records did not suggest any inappropriate searches have been carried out.
IT Access	1	Final Report Issued	<b>Substantial</b>	The audit found that there were arrangements in place to monitor user access to the council's IT systems. While there were arrangements to ensure the council holds the correct number of licenses for users of its systems, an opportunity to improve these arrangements by centralising the records of licenses was identified. The audit also found that the council had adequate backup arrangements in place for its systems and data.
Leased Car Benefit & Car Loan Schemes	1	Final Report Issued	<b>Substantial</b>	The audit found there were arrangements in place to administer the council's Leased Car & Cash Alternative scheme with controls in place and operating effectively to ensure eligible officers are identified, for staff contributions to be calculated and collected or for payments to be made as appropriate and for comprehensive records to be maintained. The audit also found that there were arrangements in place to administer the council's Car Loan scheme with controls in place and operating effectively to ensure any loans granted are affordable for officers. Though opportunities to enhance administration arrangements were identified, all loans given were found to be supported by formal repayment agreements and all were found to be in repayment as per the agreements via salary deductions.

Temporary / Agency Staff	1	Final Report Issued	<b>Limited</b>	The audit found that there were arrangements in place for temporary staff (fixed term recruitments) to be recruited through the same process as permanent staff. Though there were arrangements in place to recruit Agency staff, this was managed locally by Chief Officers and was not supported by any documented guidance. Though it should be noted that no issues with regards the appropriateness or ability of Agency staff recruited by the council, vetting procedures and induction and health & safety training arrangements were found to be inconsistent however the council has now entered an agreement for all Agency staff to be provided and vetted by the Kent County Council agency, Kent Top Temps. Arrangements were found to be in place for appropriate authorisation and payment of invoices from agencies based on completed and approved timesheets submitted however the audit identified agency workers that had been in post for significant periods where better value may be achieved by recruiting fixed term or even permanent employees.
Income - Method of Payment Review	1	Final Report Issued	<b>Substantial</b>	This review took the form of an analytical review of income received across the council to identify potential efficiencies or savings by analysing and rationalising the council's income collection methods with a view to maximising collection and minimising collection costs. The review found that methods of payment were generally advertised in order of most cost effective for the council to process though opportunities were identified to further extend the availability of a number of methods of payment. Arrangements were in place to reduce the dependency on cheques for a number of income streams with online payment systems in development during the course of the review for a number of services.
Staff Training & Development	2	Final Report Issued	<b>Substantial</b>	The audit found that there are arrangements in place to identify training needs, to arrange training where it is required for an officer to carry out their job role and for Personnel to maintain records of training delivered and budgetary control is considered to be strong. The audit also found that where professional qualification training is funded by the council, officers must sign training agreements to ensure they remain in the council's employment for 6/12 months (dependent on position) or repay the cost of the training to the council. Audit testing confirmed these agreements were in place for all relevant officers and arrangements were in place and effective to recover training costs from any leavers. The audit also found

				that there are arrangements in place to reimburse employees for professional membership fees and audit testing confirmed that all reimbursements were based on appropriately completed and authorised forms and only one fee had been paid per annum for each employee as per the council's policy. The audit identified opportunities to enhance administrative arrangements and to make better use of existing IT systems in managing staff training.
Supporting People	1	Final Report Issued	<b>Substantial</b>	The audit found that the council has arrangements in place to deliver assistance in relation to the Supporting People grant though the Rent Deposit, Deposit Bond and Rent in Advance Schemes. Though opportunities to enhance the administration of the process were identified, controls were found to be in place to ensure that applications for financial assistance are processed and recorded appropriately with formal repayment agreements signed by both the council and the customer before any payment is made.
Leisure Services Business Unit - Income Collection	1	Final Report Issued	<b>Substantial</b>	Audit testing found that controls over cashing up and banking procedures were in place and working across as LSBU sites though opportunities to improve the consistency of these processes across the sites were identified. Arrangements are in place for cash income to be collected and securely transported to the council's bank by the council's cash collection contractor and safe and insurance levels were considered appropriate for all sites.
Travel And Subsistence Claims	1	Final Report Issued	<b>Limited</b>	The review found that while controls are in place and operating effectively to process and pay claims and publishes agreed rates payable for business travel and subsistence costs incurred by staff, the council does not have a policy in respect of reimbursement of business travel and subsistence costs incurred by staff. The audit also found that managers across the organisation are not consistent in the nature and level of checks they carry out when authorising claims for business mileage in particular and recommendations to enhance guidance in this area were made.

Food Safety Inspections	1	Final Report Issued	<b>Substantial</b>	The audit found that the council works to an annual Food Service Delivery plan based on a detailed assessment of the needs of the borough as required by food safety legislation. There were arrangements in place for food safety inspections and enforcement activity to be carried out in line with policies and plans in place though some opportunities to enhance administrative arrangements and procedure notes were identified. Audit testing confirmed that inspections were being carried out in practice as set out in plans and that enforcement activity was taken as appropriate in response to complaints received.
Environmental Protection	2	Final Report Issued	<b>Substantial</b>	The audit found that there were arrangements in place to administer and investigate complaints received regarding statutory nuisances. The council has an enforcement policy in place and arrangements for officers to investigate complaints and take enforcement action as required. Though minor administrative enhancements were identified, audit testing of complaints received found appropriate enforcement action had been taken in all cases reviewed.
Pest Control	2	Final Report Issued	<b>Substantial</b>	The council's pest control service is delivered through a contract with Rentokil. The review found that there are arrangements in place for the council to receive and administer customer requests for pest treatments and to pass details of all required jobs to the contractor to carry out. There are arrangements in place for payment to be taken in advance of pest treatments however audit testing identified two cases where due to isolated human errors this was not the case and payment for both and these were rectified during the course of the audit. Performance monitoring arrangements were found to be in place and customer satisfaction levels with the service are high.
Transparency	2	Final Report Issued	<b>Substantial</b>	The audit found that there were arrangements in place to publish data in line with the existing minimum requirements of the government's transparency agenda. Audit testing found that arrangements are in place for data cleansing and accuracy checks to be carried out prior to publishing data to ensure that the principles and exemptions of the Freedom of Information Act and the Data Protection Act are applied. In two instances spending data had been redacted that should have been published due to an error in the way suppliers had been set up but this was agreed to be rectified during the course of the audit.
