Report of Central Services Director

Part 1- Public

Matters for Information

1 PERFORMANCE INDICATORS - 2008/09

This report presents the results for the new National Performance Indicators (NPIs) and selected Local Performance Indicators (LPIs) for the first half of the current financial year.

1.1 Results

1.1.1 The Council has set a range of NPI and LPI targets for 2008/09, as published in our 2008/09 Corporate Performance Plan. This report presents the NPI and LPI results for the first half, 1 April to 30 September 2008. It compares our results against targets and shows our 'direction of travel'. The NPI results are presented in Annex 1 and the LPI results in Annex 2. Both of these annexes are A3 documents and they are circulated along with the main papers as separate documents.

1.1.2 In overall terms, for the NPIs we:

Met our targets for eight of the eleven indicators monitored in the first half of 2008/09 where targets have been set.

Achieved a positive/equal direction of travel for six of the eight indicators where performance can be compared between the first half of 2007/08 and the first half of 2008/09.

1.1.3 In overall terms, for the LPIs we:

Met our targets for 15 of the 27 indicators monitored in the first half of 2008/09.

Achieved a positive/equal direction of travel for 21 of the 28 indicators where performance can be compared between the first half of 2007/08 and the first half of 2008/09.

1.2 Legal Implications

1.2.1 None

1.3 Financial and Value for Money Considerations

- 1.3.1 Quarterly reporting and review of both the NPIs and LPIs provide a significant opportunity to influence and improve performance thereby achieving our targets and a positive direction of travel and, in the process, also improving value for money.

1.4 Risk Assessment

- 1.4.1 The targets for both NPIs and LPIs are designed to 'stretch' the organisation and they are extremely challenging. Hence, although each individual target is realistic, collectively there is therefore a real risk that some targets will not be achieved. Quarterly reporting enables managers and Members to influence performance regularly during the year and reduce this risk.
