

Is your council ready?

Use the local government checklist to make sure you are set for digital

1. Have we appointed a Digital Champion to coordinate our switchover preparations?
2. Are we providing switchover and Switchover Help Scheme information for residents through our council publications?
3. Has our housing service considered the implications for communal aerial systems for council-retained housing stock?
4. Are trading standards looking out for switchover rogue traders?
5. Do adult social services know about the Help Scheme and have they nominated a departmental contact point?
6. Is our register of blind and partially sighted residents up-to-date for when it is requested by the Help Scheme?
7. Do our environment and planning services understand the implications for energy efficiency, waste disposal and planning issues?
