## COMMUNITIES ADVISORY BOARD

4 December 2012

### Report of the Chief Executive

#### Part 1- Public

#### Matters for Recommendation to Cabinet - Non-Key Decision (Decision may be taken by the Cabinet Member)

#### 1 WEST KENT BUSINESS SUPPORT INITIATIVES

To outline a proposed pilot programme of business seminars to take place in the period to April 2013.

#### 1.1 Business Support

1.1.1 The Borough Council offers a number of business support initiatives which are funded from a small budget held by the Chief Executive. Primarily, this funds:

- Provision of an on-line grants database to assist businesses and social enterprise
- One to one business support for start-up or recently formed businesses which are provided by Enterprise First and The Kent Invicta Chamber of Commerce and Industry
- Occasional business training seminars on topics such as marketing, business survival and increasing business turnover.

1.1.2 The West Kent Partnership also plays a role in supporting business through initiatives such as sponsorship of the West Kent Business Awards, the West Kent Leader Programme and business engagement events including an annual West Kent Partnership conference.

1.1.3 Given the ongoing challenging economic situation for our local businesses, our collective ambition for 2013/14 is to pool the limited economic development resources available to the three West Kent districts and the West Kent Partnership to promote a single and clear business support 'offer' for West Kent businesses. This will require a review of what we currently provide individually and the development of a limited commissioning process to secure the business support services that are most effective and needed locally from the best provider or providers. That joint process will commence in early 2013.

#### 1.2 West Kent Pilot Programme – Business Seminars

- 1.2.1 Funding has recently been made available from Kent County Council to assist with the delivery of business support initiatives in West Kent for the remainder of this financial year. This is a welcome contribution, in recognition of the need to support West Kent businesses as well as those already supported by KCC in north and east Kent. It is anticipated that further funding might then be available from the County Council in 2013/14. Whilst the County Council has contributed in the past to the general budget of the West Kent Partnership, this is the first time that significant business support funding from the County Council has been made available to the West Kent area.
- 1.2.2 In order to inform the commissioning of new services, the West Kent districts have decided that, via the West Kent Partnership, a series of West Kent business support seminars will be commissioned for the period January to April 2013. There will be at least five seminars organised on different business topics, held in different locations across the West Kent area, and organised by different providers. An evaluation of the success of these seminars, in terms of numbers engaged and the quality of feedback from participants, will be used to inform a wider support programme for 2013/14.
- 1.2.3 It is anticipated that, in addition to a series of business support seminars, the wider West Kent programme for 2013/14 could involve an enhanced business counselling service for start-up and recently formed small businesses, a web-based West Kent business support portal and a programme (to be developed) specifically to support home-based businesses which are numerous in the West Kent area.
- 1.2.4 I will report to the next meeting of this Board in March 2013 on the outcome of the pilot programme and on the commissioning intentions for 2013/14 as set out above.
