1 ANNUAL REPORT ON THE WORK OF THE AUDIT COMMITTEE

Summary

This report records the work of the Audit Committee for the year 2012/13 to provide an independent overview of the Corporate Governance processes in place within the Council. It is recommended that this report is presented to the Council in accordance with best practice as identified by CIPFA guidance.

1.1 Background

- 1.1.1 The Audit Committee was set up using guidance set out in the CIPFA publication "Audit Committees: Practical Guidance for Local Authorities".
- 1.1.2 The role of the Audit Committee is contained within the Council Constitution [**Annex 1**] and conforms with the CIPFA Guidance "to provide independent assurance of the adequacy of the risk management framework and the associated control environment, independent scrutiny of the authority's financial and non-financial performance to the extent that it affects the authority's exposure to risk and weakens the control environment, and to oversee the financial reporting process".
- 1.1.3 This report summarises the work of the Audit Committee during 2012/13 in order to provide evidence of the role of the Audit Committee in fulfilling the requirements of the CIPFA guidance.

1.2 Internal Audit

- 1.2.1 The Audit Plan for 2012/13 was presented and approved by Members of the Audit Committee at the meeting of 10 April 2012. The report accompanying the plan explained an audit needs assessment had been undertaken in order to arrive at the risk based plan.
- 1.2.2 Members of the Audit Committee have been given updates of how the plan progressed throughout the year and any changes to the plan were agreed by

Members. The outcomes of the work completed were reported to Members within these update reports.

- 1.2.3 The outcome of this work and supporting evidence enabled the Chief Internal Auditor to report to the 8 April 2013 meeting of this Committee that his opinion was that **“the Council has maintained an adequate and effective internal control environment.”**

1.3 Public Sector Internal Auditing Standards (PSIAS)

- 1.3.1 Members were informed at the meeting of 28 January 2013 that new standards for Internal Audit were being introduced from 1 April 2013. Members agreed to adopt them for the provision of Internal Audit within the Council.

- 1.3.2 These standards have now been supported by a guidance note produced by CIPFA. The guidance note contains a checklist to assess compliance with the new standards and this will be completed and presented to Members of this Committee later in the year.

1.4 Fraud Investigation

- 1.4.1 The responsibility for overseeing fraud investigation is split between Audit Committee and the Finance and Property Advisory Board (now the Finance, Innovation and Property Advisory Board) which specifically receives reports on Benefit related fraud.
- 1.4.2 Regular reports on Benefit fraud investigation have been given to the Finance and Property Advisory Board. With the proposed introduction of a Single Fraud Investigation Service by the Department for Work and Pensions the role of the investigation team is changing. They have already started investigating Housing related fraud and will use their skills to investigate Council Tax and internal fraud in the future.
- 1.4.3 Members were informed of the outcome of one internal investigation into corrupted data given to an external body. The data has been examined in detail and a majority of the corrupted data has been corrected.

1.5 Governance Issues

- 1.5.1 The Audit Committee regularly reviews the strategies relating to Corporate Governance. These documents are the Anti-Fraud Policy, Benefits Anti-Fraud Policy, Anti Money Laundering Policy and the Confidential Reporting Code.
- 1.5.2 All of these documents form the basis of the corporate governance culture of the Council and are regularly reviewed and circulated. Any significant breaches of them are reported to the Audit Committee and form part of the evidence contained within the Annual Governance Statement.

- 1.5.3 The purpose of the Annual Governance Statement is to assess and demonstrate that there is a sound system of corporate governance throughout the organisation. Governing is about how local government bodies ensure they are doing the right things, in the right way, for the right people in a timely, inclusive, open, honest and accountable manner.
- 1.5.4 The Annual Governance Statement was considered by Members of this Committee and endorsed at the meeting of 8 April 2013.
