

Annex 1

HUMAN RESOURCES STRATEGY (incorporating the Pay and Workforce Strategy)

1 The Council's Vision

The Council's vision is:

“An organisation that provides excellent public services, good value for money and effective community leadership.”

So as to achieve this vision we aspire to provide customer focused efficient services. We also strive to continuously improve our performance. In attempting to achieve these aspirations we are guided by the following corporate values:

That all people having dealings with the Council have a right to equality of treatment, courtesy, promptness and integrity.

The Council believes in fairness, consensus, involvement and learning in respect of its dealings with the people of the Borough and its communities, and that these values should be mirrored in the Council's relationship with staff.

2 Human Resource Strategy

The Human Resources Strategy is about recognising and developing the crucial contribution of every employee. This is prompted by the expectation/aspiration that all employees will:

- be customer focused
- be corporately aware
- demonstrate a “can do” approach to work
- be proud to work for Tonbridge & Malling Borough Council
- appreciate the Council as a good employer
- enjoy all the aspects of their work
- consider themselves as colleagues in a joint endeavour to achieve the corporate vision.

In order to align our Human Resource activities with the Council's values and strategic aims, four key building blocks are used to inform and direct human resource activities. These are:

Leadership and Management
Effective Recruitment and Retention
Communication and Team Working
Workforce Development.

Working with partners, external service providers, and other authorities, the Council will give ongoing consideration to the further development of the Strategy. The Strategy will be updated annually and will identify any improvement priorities for the year ahead. The annual update will also report on the achievement of the improvement priorities identified the previous year.

Leadership and Management Development

We want managers and supervisors throughout Tonbridge & Malling Borough Council to meet their responsibilities to their colleagues by providing leadership, direction, purpose and support.

Managers and supervisors will be expected to set standards to ensure that the Council's performance is maintained and improved.

Corporate working will be promoted throughout the Council.

All managers and supervisors will be expected to uphold the Investors in People Standard and to motivate and communicate effectively with their teams.

Up to date advice, training and support on Council policies and procedures will ensure consistency of management style.

New managers and supervisors will be equipped for their role by participating in appropriate training and development activities.

Throughout their careers with the Council managers and supervisors will have opportunities to attend training and development events.

All managers and supervisors will be expected to behave in accordance with the Council's Supervisory and Management Capability Checklists.

All managers and supervisors will contribute to developing an organisational climate that encourages innovation, by encouraging their staff to engage positively in service transformation and in developing new ways of working.

Effective Recruitment & Retention

We want an employment package that attracts and retains capable people who are committed to delivering excellent services to the community.

We will endeavour to attract suitable applicants by clear job descriptions, person specifications and advertisements.

There will be a fair and consistent recruitment and selection framework that encourages diversity within the workforce.

We will offer employees a fair and competitive rate for the job that reflects the principles of equal pay. We will offer equal status for part-time staff. We will try to ensure job security wherever possible.

Wherever possible, we will offer employees flexible working opportunities that reflect the diversity of the workforce and facilitate a healthy Work Life Balance.

We will ensure that working environments are safe and healthy.

We will encourage career development by advertising vacancies internally and developing our own leaders for the future.

We will foster a supportive management ethos that recognises and values everyone's contribution.

We will offer employees suitable training and development opportunities.

Where relevant we will encourage staff to develop their basic numeracy and literacy skills.

Communication and Team Working

We want to create a climate of trust, honesty and involvement. We recognise the need for open and honest two-way communication.

We will maintain a system of annual individual appraisals and regular team briefings across the organisation.

We will maintain a constructive relationship with recognised employee representatives and the Trade Union.

We will honour the Council's commitment to trust, honesty and involvement by working through employee relations issues according to the procedures specified in the Grievance, Disciplinary, Capability, Anti-Bullying and Harassment and Confidential Reporting Codes of Practice/Procedures.

We will ensure that corporate information is easily accessible and will further develop the use of information technology for this purpose.

We will encourage development of a culture of corporate and co-operative working across the Council.

We will encourage employees to influence the shape of future service delivery in an environment that embraces partnership working.

Workforce Development

We want employees to know how their contribution fits into the bigger picture, and to have the skills, knowledge and information they need to do their job effectively. We want them to feel committed to the Council and to enjoy coming to work.

We will provide new employees with information about their job and employment package.

Every new employee will undergo a customised induction process.

All employee's will have an annual performance appraisal which will review their performance over the past year, set personal objectives for the year ahead, and identify any training and development needs.

All employees will have access to training and development activities that are linked with their individual objectives as well as those of the service to which they belong.

We will deal firmly and fairly with poor performance.

On return from absence due to sickness, all employee's will engage in a return to work interview with their line manager that will attempt to identify any organisational factors which may have contributed towards their illness.

6 Workforce Development Plan April 2013 – March 2014

Developing leadership capacity

Continue with the provision of structured development opportunities that enhance our management capacity and enable succession planning that takes account of the anticipated departure of many senior staff over the next ten years.

Developing the skills and capacity of the workforce

Continue to support the ongoing professional development of staff, and to equip them with the knowledge and skills required to deliver services, to respond to changes introduced by the Government, and to the transformational agenda. Specific areas of need will be identified during the 2013/14 performance appraisal process.

Organisational Development

Support the transfer of the Leisure Services Business Unit to the status of an “external” Trust.

Consider the impact on the Council’s policies of any proposals from the Government to amend existing employment legislation, and re-align the the Council’s HR/Personnel Policies with the timetable for any proposed amendments.

Resourcing, recruitment & retention

Continue to re-align the Council’s Establishment with its re-defined priorities.

Continue to explore options with other Councils for shared service delivery (including the feasibility of a shared service payroll system with Gravesham Borough Council).

Develop a project plan for an on line “self service” route for staff regarding personnel and payroll administration.

Continue to ensure that work placements are provided to local schools, and two apprenticeships are offered in Customer Service skills.

Seek to maintain the reputation of the Council as an employer of disabled people by gaining re-accreditation of the Two Ticks Scheme (by February 2014).

Pay and Reward

Track the benefits package offered by our competitors for staff and keep the Council’s package under review (ongoing).

Update the Pay Policy Statement (by March 2014).

Update the rates of the reimbursement of subsistence expenses for those attending training and development activities (as specified in the Training Expenses and Facilities Scheme) in line with the annual rates specified by the South East Employers Organisation.
