

ANNEX 2

The last meeting of the councils licensing committee agreed to a new fare tariff scheduled to come into force in the next couple of weeks. This suggests a 10p increase in the flag rate for 0.75 of a mile to £2.90. The next mile will be £2.32 and after that will be £2.26. Currently we get £2.21 per mile so this is only a 5p per mile increase in the rate, less than the 2.5% increase in VAT that will be introduced in the New Year. There is no increase in Waiting Time and Time and Distance charging has also been refused.

Terry Hill of Castle Cars has objected to this increase on the grounds that it is insufficient (a copy of the relevant parts of his letter can be seen on the reverse of this petition) and has asked for a 15p per mile increase to be considered at the next licensing meeting in December, which will equate to approx a 5% increase in real terms after taking the VAT increase into account. Bearing in mind that it is almost 3 years since the last increase he does not feel this is unreasonable and asks for your support.

Please complete below the statement you agree with, and put a line through the statement that you don't. This can then either be handed it in Castle Cars office at 3 Skinners Terrace or posted to the Council Offices Licensing Dept at Kings Hill by **Friday 6th November**
