

KENT MINERALS DEVELOPMENT FRAMEWORK

Consultation on Site Allocation Representations (Reg. 32)

- Tonbridge & Malling Borough Council Officer-Level Response

Site Allocation Representation Ref: 18

Respondents: Mr & Mrs Faes c/o Broadlands, Mr & Mrs Harley c/o Broadlands

Site: Land North of Postern Heath Farm

Tonbridge & Malling Borough Council Response (Officer-Level):

If the County Council agrees that there is an over-provision of land for mainly sandstone-derived gravels in the plan period then the Borough would support the proposed deletion of the allocation of land north of Postern Heath Farm from the Construction Aggregates Development Plan Document (Submission Draft, November 2006) as proposed by respondents.
