Dear Licensing services

I would like to oppose the application for a licence for an event held on August the 14th 2021 at Wings of the Morning field TN15 7NS

We as local residents will be greatly effected by this event. The roads are insufficient for the amount of people expected to attend, if there was a problem this would produce a massive health and safety risk for emergency access and exit from the site. It is located right next to a motorway junction that could use a major incident

Local businesses that are located in this area will be effected negatively by the nature and position of this gathering that insufficient research has gone into

The noise will produce a damaging impact on those living close by as well as those in nearby Wrotham and Borough Green

The site is not of the quality and accessibility for this scale of event and I oppose its licensing

Thank you for considering the comments
