- a) Increased use of agency staff to fill vacant posts due to difficulties in recruiting.
- b) Reflects cessation of agency staff arrangements, effect of establishment changes and includes provision for a pay award.
- c) Increased enforcement to tackle illegal activity on greenfield sites funded from external funding held in the Planning Reserve.
- d) Change in the process for Financial Viability Assessments where these are now paid directly to the third party provider.
- e) Increased level of appeals with £311,000 funded from the planning reserve as agreed in 2023/24.
- f) Estimate assumes that appeals will return to base level. However, the revised Local Plan timetable means that the period for potential 'speculative development' is longer, which may create a significant risk in returning this budget to a lower level.
- **g)** Reduction in number of planning applications, particularly minor developments and household applications, likely linked to economic climate. The Revised estimate of £1,150,400 is based on 20 Majors and 786 minors (minors and others).
- h) Fees to be increased from April 2025 by September 2024 CPI at 1.7%. Estimate is based on average income for 20 major applications and 786 minor and other applications.
- i) Estimate reflects an increase in requests for this service.
- j) Internally set fees these fees have been increased by the agreed inflationary measure assumed at 3.5%.
- k) Estimate reflects an increase in requests for this service. The additional income over and above the 24/25 Original Estimate will be added to the Planning reserve to fund a Planning Officer on a one-year Fixed term Contract.
- I) Internally set fees these fees have been increased by the agreed inflationary measure assumed at 3.5%. The additional income over and above the 24/25 Original Estimate will be added to the Planning reserve to fund a Planning Officer on a one-year Fixed term Contract.
- m) The viability assessment fee is now paid directly to providers.
- n) Lower than anticipated planning applications attracting S106 fee. Funds are used to offset salary costs for Section 106 Monitoring officer.
- o) Planning Skills Delivery Fund earmarked for use in 2024/25
- p) Reflects reallocation of several one-off IT Services costs across all service budget headings in current year forward estimate reflects a normal level of IT Services costs being distributed budget headings (see page CS 5).
- q) Reduction in Customer Services costs which in turn have been reallocated across all service
- r) Increased cost of office accommodation attributable to Planning Services (see page CS 3).

HOMELESSNESS

- a) Increase reflects changes to the permanent establishment reported to General Purposes Committee on 13 March 2024, together with additional fixed term posts employed to seek to reduce escalating temporary accommodation costs. These have been funded from the Homelessness Prevention Grant. Forward estimate reflects end of the fixed term arrangements.
- **b)** Higher than anticipated repairs and maintenance required to maintain TMBC owned Temporary Accommodation property.
- c) Assumes a reduction in essential repairs to TMBC owned Temporary Accommodation properties.
- d) Lower than anticipated maintenance of grounds.
- e) A reduction in the level of void periods at TMBC owned temporary accommodation has resulted in lower than anticipated electricity costs.
- f) The forward estimate assumes no void periods in Council owned Temporary Accommodation. This estimate covers the electricity costs for the office and communal areas.
- g) Higher than anticipated number of empty properties due to essential maintenance has resulted in the Council having to meet the Council Tax costs. The Revised Estimate assumes a 50% reduction in voids for rest of year.
- h) Revised Estimate includes the third year of Rough sleeping Initiative (RSI) funding, allowing the Council to continue to fund its partnership work with Look Ahead and Porchlight to tackle rough sleeping. The increase in the estimate also includes a late submitted invoice from 2020/21, in relation to the scheme. The cost of this invoice is to be met from RSI funding which was being held in the homelessness reserve. In addition to this, the estimate also includes an invoice paid to Bloomfield.
- i) Continuation of Rough sleeping Initiatives, fully funded by Government Grant.
- j) The Original Estimate was calculated based on the caseload dropping to 100 for the 2024/25 financial year. However, caseload figures as at September 2024 were 145. The Council is still experiencing the impact of rising cost of living costs, including increasing private sector rental costs. The revised estimate assumes that the caseload will reduce between now and year end, with the final caseload estimated to be 135.
- k) Various work streams are underway with the aim of reducing the temporary accommodation unit cost and caseload. The forward estimate is based on the caseload reducing to around 120 households alongside maximising subsidy, managing arrears and proactively management of unit costs.
- Reflects proposed incentives to prevent homelessness to save on temporary accommodation costs; any unbudgeted contribution will be added to the Homelessness Reserve.
- m) The level of Bad Debt provision is reviewed annually to ensure that it is sufficient to cover any potential write offs. Although the level of housing debt continues to grow, there are plans forthcoming to increase recovery. Write offs have been kept at a minimum for a number of years, but a review of all debt is needed to ensure that the Council is maximising its recovery rates.
- n) Revised Estimate reflects the move from third party provider to in-house options.
- o) Reflects new property management proposals yet to be fully costed and agreed.
