PC: For clarification the Parish Council comments are included verbatim.

The Parish Council renews its suggestion there should be a site inspection in this case.

The Parish Council is particularly concerned the route of MR107 is protected and remains open during the works being carried out if permission is granted.

It strongly supports the construction management plan condition in this particular case.

It is considered that the Area 3 Report sets out well the planning considerations applying to this site. It is agreed it is necessary to take into account the existence of the bungalow proposed to be replaced and the new permitted development rights that would allow the barn to be partially converted into 3 dwellings as well as general Government policy in favour of development.

In these circumstances it is considered the present plans, broadly speaking, are likely to result in better form of development with locally imposed conditions than might otherwise be achieved should this application go to Appeal.

Private Reps: Two additional letters received repeating the objection to building on green field land and querying the documents list contained at para. 7.1 of the committee report.

DPHEH:

For Members information the plan attached at page 31 of the agenda is incorrect. For clarity the correct plan is attached to this supplementary report. The documents list has also been updated and a revised list is below.
