Dear Members of the Audit Committee

Audit Plan for Tonbridge and Malling Borough Council for the year ending 31 March 2017

This Audit Plan sets out for the benefit of those charged with governance (in the case of Tonbridge and Malling Borough Council, the Audit Committee), an overview of the planned scope and timing of the audit, as required by International Standard on Auditing (UK & Ireland) 260. This document is to help you understand the consequences of our work, discuss issues of risk and the concept of materiality with us, and identify any areas where you may request us to undertake additional procedures. It also helps us gain a better understanding of the Council and your environment. The contents of the Plan have been discussed with management.

We are required to perform our audit in line with Local Audit and Accountability Act 2014 and in accordance with the Code of Practice issued by the National Audit Office (NAO) on behalf of the Comptroller and Auditor General in April 2015. Our responsibilities under the Code are to:

- give an opinion on the Council's financial statements
- satisfy ourselves the Council has made proper arrangements for securing economy, efficiency and effectiveness in its use of resources.

As auditors we are responsible for performing the audit, in accordance with International Standards on Auditing (UK & Ireland), which is directed towards forming and expressing an opinion on the financial statements that have been prepared by management with the oversight of those charged with governance. The audit of the financial statements does not relieve management or those charged with governance of their responsibilities for the preparation of the financial statements which give a true and fair view.

The contents of this report relate only to the matters which have come to our attention, which we believe need to be reported to you as part of our audit planning process. It is not a comprehensive record of all the relevant matters, which may be subject to change. In particular we cannot be held responsible to you for reporting all of the risks which may affect the Council or all weaknesses in your internal controls. This report has been prepared solely for your benefit. We do not accept any responsibility for any loss occasioned to any third party acting, or refraining from acting on the basis of the content of this report, as this report was not prepared for, nor intended for, any other purpose.

We look forward to working with you during the course of the audit.

Yours sincerely

Sarah Ironmonger

Engagement Lead

Chartered Accountants

Grant Thornton UK LLP is a limited liability partnership registered in England and Wales: No.OC307742. Registered office: Grant Thornton House, Melton Street, Euston Square, London NW1 2EP. A list of members is available from our registered office. Grant Thornton UK LLP is authorised and regulated by the Financial Conduct Authority.
Grant Thornton UK LLP is a member firm of Grant Thornton International Ltd (GTIL). GTIL and the member firms are not a worldwide partnership. Services are delivered by the member firms. GTIL and its member firms are not agents of, and do not obligate, one another and are not liable for one another's acts or omissions. Please see grant-thornton.co.uk for further details.

Understanding your business and key developments

Developments	Key challenges	Financial reporting changes
<p>Property Investment Fund</p> <p>The Council are looking at developing future revenue streams to support their Medium Term Financial Strategy. One proposed revenue stream involves the Council investing in a property investment fund.</p> <p>The Council will need to consider all options before investing to ensure they are receiving the maximum return from their investment.</p> <p>Changes to Grants</p> <p>There are changes proposed to the New Homes Bonus grant settlement and the Revenue Support Grant is declining year on year.</p> <p>The Council will need to assess the impact to their Medium Term Financial Strategy and identify alternate revenue streams if required.</p>	<p>Autumn Statement and Spring Budget</p> <p>The Chancellor detailed plans in the Autumn Statement to increase funding for Housing and Infrastructure, and further extend devolved powers to Local Authorities. Increases in the funding for adult social care were also announced in the Spring Budget.</p> <p>The Council has a good track record of achieving financial targets, but recognises this is going to be even more challenging going forward.</p> <p>Transformation Strategy</p> <p>The Council has been able to deliver efficiency savings in delivering a balanced budget for 2016/17, but savings of £1.9m have still to be identified in order to deliver a balanced budget for 2017/18 and 2018/19 onwards. The Council will need to monitor these schemes closely to ensure they deliver the savings and benefits anticipated, and identify alternative schemes if needed.</p>	<p>CIPFA Code of Practice 2016/17 (the Code)</p> <p>Changes to the Code in 2016/17 reflect aims of the 'Telling the Story' project, to streamline the financial statements to be more in line with internal organisational reporting and improve accessibility to the reader of the financial statements.</p> <p>The changes affect the presentation of the Comprehensive Income and Expenditure Statement and the Movement in Reserves Statements, segmental reporting disclosures and a new Expenditure and Funding Analysis note has been introduced. The Code also requires these amendments to be reflected in the 2015/16 comparatives by way of a prior period adjustment.</p> <p>Earlier closedown</p> <p>The Accounts and Audit Regulations 2015 require councils to bring forward the approval and audit of financial statements to 31 July by the 2017/2018 financial year.</p> <p>Delivering Good Governance in Local Government Framework</p> <p>CIPFA/Solace have issued a new Framework which applies to Annual Governance Statements from 2016/17 onwards. We will ensure that the Council has appropriate arrangements in place as part of our review at year end.</p>

Our response

- We aim to complete all our substantive audit work of your financial statements by 10 July 2017.
- As part of our opinion on your financial statements, we will consider whether your financial statements accurately reflect the financial reporting changes in the 2016/17 Code
- We will review the Council's progress in managing its responsibilities for public health and how it is working with partners, as part of our work in reaching our VFM conclusion..
- We will keep you informed of changes to the financial reporting requirements for 2016/17 through on-going discussions and invitations to our technical update workshops.

Materiality

In performing our audit, we apply the concept of materiality, following the requirements of International Standard on Auditing (UK & Ireland) (ISA) 320: Materiality in planning and performing an audit. The concept of materiality is fundamental to the preparation of the financial statements and the audit process and applies not only to the monetary misstatements but also to disclosure requirements and adherence to acceptable accounting practice and applicable law. An item does not necessarily have to be large to be considered to have a material effect on the financial statements. An item may be considered to be material by nature, for example, when greater precision is required (e.g. senior manager salaries and allowances).

We determine planning materiality (materiality for the financial statements as a whole determined at the planning stage of the audit) in order to estimate the tolerable level of misstatement in the financial statements, assist in establishing the scope of our audit engagement and audit tests, calculate sample sizes and assist in evaluating the effect of known and likely misstatements in the financial statements.

We have determined planning materiality based upon professional judgement in the context of our knowledge of the Council. In line with previous years, we have calculated financial statements materiality based on a proportion of the gross revenue expenditure of the Council. For purposes of planning the audit we have determined overall materiality to be £1,253k (being 2% of gross revenue expenditure in the prior year). In the previous year, we determined materiality to be £1,253k (being 2% of gross revenue expenditure). Our assessment of materiality is kept under review throughout the audit process and we will advise you if we revise this during the audit.

Under ISA 450, auditors also set an amount below which misstatements would be clearly trivial and would not need to be accumulated or reported to those charged with governance because we would not expect that the accumulation of such amounts would have a material effect on the financial statements. "Trivial" matters are clearly inconsequential, whether taken individually or in aggregate and whether judged by any criteria of size, nature or circumstances. We have defined the amount below which misstatements would be clearly trivial to be £62k.

ISA 320 also requires auditors to determine separate, lower, materiality levels where there are 'particular classes of transactions, account balances or disclosures for which misstatements of lesser amounts than materiality for the financial statements as a whole could reasonably be expected to influence the economic decisions of users'. We have identified the following items where separate materiality levels are appropriate:

Misstatements, including omissions, are considered to be material if they, individually or in the aggregate, could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements; Judgments about materiality are made in light of surrounding circumstances, and are affected by the size or nature of a misstatement, or a combination of both; and Judgments about matters that are material to users of the financial statements are based on a consideration of the common financial information needs of users as a group. The possible effect of misstatements on specific individual users, whose needs may vary widely, is not considered. (ISA (UK and Ireland) 320)

Significant risks identified

An audit is focused on risks. Significant risks are defined by ISAs (UK and Ireland) as risks that, in the judgment of the auditor, require special audit consideration. In identifying risks, audit teams consider the nature of the risk, the potential magnitude of misstatement, and its likelihood. Significant risks are those risks that have a higher risk of material misstatement.

Significant risk	Description	Audit procedures
The revenue cycle includes fraudulent transactions	<p>Under ISA (UK and Ireland) 240 there is a presumed risk that revenue streams may be misstated due to the improper recognition of revenue.</p> <p>This presumption can be rebutted if the auditor concludes that there is no risk of material misstatement due to fraud relating to revenue recognition.</p>	<p>Having considered the risk factors set out in ISA240 and the nature of the revenue streams at Tonbridge and Malling Borough Council, we have determined that the risk of fraud arising from revenue recognition can be rebutted, because:</p> <ul style="list-style-type: none"> • there is little incentive to manipulate revenue recognition • opportunities to manipulate revenue recognition are very limited • The culture and ethical frameworks of local authorities, including Tonbridge and Malling Borough Council, mean that all forms of fraud are seen as unacceptable <p>Therefore do not consider this to be a significant risk for Tonbridge and Malling Borough Council.</p>
Management over-ride of controls	<p>Under ISA (UK and Ireland) 240 there is a non-rebuttable presumed risk that the risk of management over-ride of controls is present in all entities.</p>	<p>Work planned:</p> <ul style="list-style-type: none"> • Review of accounting estimates, judgments and decisions made by management • Review of journal entry process and selection of unusual journal entries for testing back to supporting documentation • Review of unusual significant transactions • Review of accounting estimates, judgments and decisions made by management • Review of journal entry process and selection of unusual journal entries for testing back to supporting documentation • Review of unusual significant transactions

"Significant risks often relate to significant non-routine transactions and judgmental matters. Non-routine transactions are transactions that are unusual, due to either size or nature, and that therefore occur infrequently. Judgmental matters may include the development of accounting estimates for which there is significant measurement uncertainty." (ISA (UK and Ireland) 315) . In making the review of unusual significant transactions "the auditor shall treat identified significant related party transactions outside the entity's normal course of business as giving rise to significant risks." (ISA (UK and Ireland) 550)

Other risks identified

Reasonably possible risks (RPRs) are, in the auditor's judgment, other risk areas which the auditor has identified as an area where the likelihood of material misstatement cannot be reduced to remote, without the need for gaining an understanding of the associated control environment, along with the performance of an appropriate level of substantive work. The risk of misstatement for an RPR or other risk is lower than that for a significant risk, and they are not considered to be areas that are highly judgmental, or unusual in relation to the day to day activities of the business.

Reasonably possible risks	Description of risk	Audit procedures
Operating expenses	Year end creditors and accruals are understated or not recorded in the correct period.	<p>Work to be completed:</p> <ul style="list-style-type: none"> We will perform a walkthrough to gain assurance that the in-year controls were operating in accordance with our documented understanding. We will test expenditure entries from months 1 – 12 on a sample basis to gain assurance that the expense is valid, has been correctly treated for VAT purposes and is allocated to the correct cost centre. We will review and test year end creditor and accruals. We will carry out procedures to confirm that expenditure cut-off is materially correct and that there are no material unrecorded liabilities.
Employee remuneration	Employee remuneration accruals are understated	<p>Work to be completed:</p> <ul style="list-style-type: none"> We will perform a walkthrough to gain assurance that the in-year controls were operating in accordance with our documented understanding. We will perform trend analysis on month 1-12 payrolls. We will test a sample of payroll payments made during months 1 – 12 to gain assurance that employees have been remunerated at the correct rates. We will agree the reconciliation of payroll the system to general ledger and financial statements.

"In respect of some risks, the auditor may judge that it is not possible or practicable to obtain sufficient appropriate audit evidence only from substantive procedures. Such risks may relate to the inaccurate or incomplete recording of routine and significant classes of transactions or account balances, the characteristics of which often permit highly automated processing with little or no manual intervention. In such cases, the entity's controls over such risks are relevant to the audit and the auditor shall obtain an understanding of them." (ISA (UK and Ireland) 315)

Other risks identified (continued)

Other risks	Description of risk	Audit procedures
<p>Valuation of pension fund net liability</p>	<p>The Council's pension fund asset and liability as reflected in its balance sheet represent a significant estimate in the financial statements.</p>	<p>Work planned:</p> <ul style="list-style-type: none"> • We will identify the controls put in place by management to ensure that the pension fund liability is not materially misstated. We will also assess whether these controls were implemented as expected and whether they are sufficient to mitigate the risk of material misstatement. • We will review the competence, expertise and objectivity of the actuary who carried out your pension fund valuation. We will gain an understanding of the basis on which the valuation is carried out. • We will undertake procedures to confirm the reasonableness of the actuarial assumptions made. • We will review the consistency of the pension fund asset and liability and disclosures in notes to the financial statements with the actuarial report from your actuary.

Other risks identified (continued)

Going concern

As auditors, we are required to “obtain sufficient appropriate audit evidence about the appropriateness of management's use of the going concern assumption in the preparation and presentation of the financial statements and to conclude whether there is a material uncertainty about the entity's ability to continue as a going concern” (ISA (UK and Ireland) 570). We will review the management's assessment of the going concern assumption and the disclosures in the financial statements.

Other material balances and transactions

Under International Standards on Auditing, "irrespective of the assessed risks of material misstatement, the auditor shall design and perform substantive procedures for each material class of transactions, account balance and disclosure". All other material balances and transaction streams will therefore be audited. However, the procedures will not be as extensive as the procedures adopted for the risks identified in the previous sections but will include:

- Heritage assets
- Assets held for sale
- Cash and cash equivalents
- Trade and other receivables
- Borrowings and other liabilities (long and short term)
- Provisions
- Useable and unusable reserves
- Movement in Reserves Statement and associated notes
- Statement of cash flows and associated notes
- Financing and investment income and expenditure
- Taxation and non-specific grants
- New note disclosures
- Officers' remuneration note
- Leases note
- Related party transactions note
- Capital expenditure and capital financing note
- Financial instruments note
- Collection Fund and associated notes

Value for Money

Background

The Code requires us to consider whether the Council has put in place proper arrangements for securing economy, efficiency and effectiveness in its use of resources. This is known as the Value for Money (VfM) conclusion.

The National Audit Office (NAO) issued its guidance for auditors on value for money work for 2016/17 in November 2016. The guidance states that for local government bodies, auditors are required to give a conclusion on whether the Council has proper arrangements in place.

The guidance identifies one single criterion for auditors to evaluate:

In all significant respects, the audited body takes properly informed decisions and deploys resources to achieve planned and sustainable outcomes for taxpayers and local people.

This is supported by three sub-criteria as set out opposite:

Sub-criteria	Detail
Informed decision making	<ul style="list-style-type: none"> Acting in the public interest, through demonstrating and applying the principles and values of sound governance Understanding and using appropriate cost and performance information (including, where relevant, information from regulatory/monitoring bodies) to support informed decision making and performance management Reliable and timely financial reporting that supports the delivery of strategic priorities Managing risks effectively and maintaining a sound system of internal control
Sustainable resource deployment	<ul style="list-style-type: none"> Planning finances effectively to support the sustainable delivery of strategic priorities and maintain statutory functions Managing and utilising assets effectively to support the delivery of strategic priorities Planning, organising and developing the workforce effectively to deliver strategic priorities.
Working with partners and other third parties	<ul style="list-style-type: none"> Working with third parties effectively to deliver strategic priorities Commissioning services effectively to support the delivery of strategic priorities Procuring supplies and services effectively to support the delivery of strategic priorities.

Value for Money (continued)

Risk assessment

We have carried out an initial risk assessment based on the NAO's auditor's guidance note (AGN03). In our initial risk assessment, we considered:

- our cumulative knowledge of the Council, including work performed in previous years in respect of the VfM conclusion and the opinion on the financial statements.
- the findings of other inspectorates and review agencies.
- any illustrative significant risks identified and communicated by the NAO in its Supporting Information.
- any other evidence which we consider necessary to conclude on your arrangements.

We have identified significant risks which we are required to communicate to you. These are set out overleaf.

Reporting

The results of our VfM audit work and the key messages arising will be reported in our Audit Findings Report and in the Annual Audit Letter.

We will include our conclusion in our auditor's report on your financial statements which we will give by 5 September 2017.

Value for money (continued)

We set out below the significant risks we have identified as a result of our initial risk assessment and the work we propose to address these risks.

Significant risk	Link to sub-criteria	Work proposed to address
<p>Financial position On its current trajectory, the Council has identified a funding gap of £1.9m in their Medium Term Financial Strategy from 2016/17 to 2019/20. However a savings plan has been put in place to manage this overspend during the 3 year course of the Medium Term Financial Strategy to return the position to balance by the end of the period.</p> <p>The longer term picture also looks challenging due to the likely cessation of the Revenue Support Grant, the New Homes Bonus scheme has a 2 year life in its current format before payments reduce, along with changes to other areas such as Business Rates Retention. The Council will need to manage its financial position and savings targets closely during the medium term period to avoid a negative impact on the long term financial stability of the Council.</p>	<p>Sustainable resource deployment This links to your arrangements for planning finances effectively to support the sustainable delivery of strategic priorities and maintain statutory functions.</p>	<p>We propose to:</p> <ul style="list-style-type: none"> review the progress against the 2016-17 financial plan up to the completion of our audit; and obtain an update on the Council's Medium Term Financial Strategy, including progress on identified and unidentified savings required in 2017/18, including discussions with Management on progress to date.

Other audit responsibilities

In addition to our responsibilities under the Code of Practice in relation to your financial statements and arrangements for economy, efficiency and effectiveness we have a number of other audit responsibilities, as follows:

- We will undertake work to satisfy ourselves that the disclosures made in your Annual Governance Statement are in line with CIPFA/SOLACE guidance and consistent with our knowledge of the Council.
- We will read your Narrative Statement and check that it is consistent with the financial statements on which we give an opinion and that the disclosures included in it are in line with the requirements of the CIPFA Code of Practice.
- We will carry out work on your consolidation schedules for the Whole of Government Accounts process in accordance with NAO instructions to auditors.
- We consider our other duties under the Act and the Code, as and when required, including:
 - We will give electors the opportunity to raise questions about your financial statements and consider and decide upon any objections received in relation to the financial statements;
 - issue of a report in the public interest; and
 - making a written recommendation to the Council, copied to the Secretary of State
- We certify completion of our audit.

Interim audit work planned

	Work planned	Conclusion
Internal audit	<p>We will complete a high level review of internal audit's overall arrangements.</p> <p>We will also review internal audit's work on the Council's key financial systems to date.</p>	We will report our result of our work in our Audit Findings Report
Entity level controls	<p>We will obtain an understanding of the overall control environment relevant to the preparation of the financial statements including:</p> <ul style="list-style-type: none"> • Communication and enforcement of integrity and ethical values • Commitment to competence • Participation by those charged with governance • Management's philosophy and operating style • Organisational structure • Assignment of authority and responsibility • Human resource policies and practices 	We will report our result of our work in our Audit Findings Report
Review of information technology controls	<p>We will perform a high level review of the general IT control environment, as part of the overall review of the internal controls system.</p> <p>IT (information technology) controls were observed to have been implemented in accordance with our documented understanding.</p>	We will report our result of our work in our Audit Findings Report
Walkthrough testing	We will complete our walkthrough tests of the Council's controls operating in areas where we consider that there is a risk of material misstatement to the financial statements.	We will report our result of our work in our Audit Findings Report

Results of interim audit work (continued)

	Work planned	Conclusion
Journal entry controls	We will review the Council's journal entry policies and procedures as part of determining our journal entry testing strategy and have not identified any material weaknesses which are likely to adversely impact on the Council's control environment or financial statements.	We will report our result of our work in our Audit Findings Report
Early substantive testing	We will complete early substantive testing as part of our interim visit due to commence on 20 March 2017.	We will report our result of our work in our Audit Findings Report

The audit cycle

The audit timeline

Audit Fees

Fees

	£
Council audit	45,776
Grant Certification	13,950
Total audit fees (excluding VAT)	59,726

Our fee assumptions include:

- Supporting schedules to all figures in the accounts are supplied by the agreed dates and in accordance with the agreed upon information request list
- The scope of the audit, and the Council and its activities, have not changed significantly
- The Council will make available management and accounting staff to help us locate information and to provide explanations
- The accounts presented for audit are materially accurate, supporting working papers and evidence agree to the accounts, and all audit queries are resolved promptly.

Grant certification

- Our fees for grant certification cover only housing benefit subsidy certification, which falls under the remit of Public Sector Audit Appointments Limited
- Fees in respect of other grant work, such as reasonable assurance reports, are shown under 'Fees for other services'.

Fees for other services

Fees for other services detailed on the following page, reflect those agreed at the time of issuing our Audit Plan. Any changes will be reported in our Audit Findings Report and Annual Audit Letter.

What is included within our fees

- A reliable and risk-focused audit appropriate for your business
- Invitations to events hosted by Grant Thornton in your sector, as well as the wider finance community
- Ad-hoc telephone calls and queries
- Technical briefings and updates
- Regular contact to discuss strategy and other important areas
- A review of accounting policies for appropriateness and consistency
- Annual technical updates for members of your finance team
- Regular Audit Committee Progress Reports

Independence and non-audit services

We confirm that there are no significant facts or matters that impact on our independence as auditors that we are required or wish to draw to your attention. We have complied with the Auditing Practices Board's Ethical Standards and we confirm that we are independent and are able to express an objective opinion on the financial statements.

We confirm that we have implemented policies and procedures to meet the requirements of the Auditing Practices Board's Ethical Standards.

For the purposes of our audit we have made enquiries of all Grant Thornton UK LLP teams providing services to Tonbridge and Malling Borough Council. The following audit related and non-audit services were identified for the Council for 2016/17:

Fees for other services

Service	Fees £	Planned outputs
Audit related	Nil	
Non-audit related	Nil	

The amounts detailed are fees agreed to-date for audit related and non-audit services (to be) undertaken by Grant Thornton UK LLP (and Grant Thornton International Limited network member Firms) in the current financial year. Full details of all fees charged for audit and non-audit services by Grant Thornton UK LLP and by Grant Thornton International Limited network member Firms will be included in our Audit Findings report at the conclusion of the audit.

The above services are consistent with the Council's policy on the allotment of non-audit work to your auditors.

Communication of audit matters with those charged with governance

International Standard on Auditing (UK and Ireland) (ISA) 260, as well as other ISAs (UK and Ireland) prescribe matters which we are required to communicate with those charged with governance, and which we set out in the table opposite.

This document, The Audit Plan, outlines our audit strategy and plan to deliver the audit, while The Audit Findings will be issued prior to approval of the financial statements and will present key issues and other matters arising from the audit, together with an explanation as to how these have been resolved.

We will communicate any adverse or unexpected findings affecting the audit on a timely basis, either informally or via a report to the Council.

Respective responsibilities

As auditor we are responsible for performing the audit in accordance with ISAs (UK and Ireland), which is directed towards forming and expressing an opinion on the financial statements that have been prepared by management with the oversight of those charged with governance.

This plan has been prepared in the context of the Statement of Responsibilities of Auditors and Audited Bodies issued by Public Sector Audit Appointments Limited (<http://www.psa.co.uk/appointing-auditors/terms-of-appointment/>)

We have been appointed as the Council's independent external auditors by the Audit Commission, the body responsible for appointing external auditors to local public bodies in England at the time of our appointment. As external auditors, we have a broad remit covering finance and governance matters.

Our annual work programme is set in accordance with the Code of Audit Practice ('the Code') issued by the NAO and includes nationally prescribed and locally determined work (<https://www.nao.org.uk/code-audit-practice/about-code/>). Our work considers the Council's key risks when reaching our conclusions under the Code.

The audit of the financial statements does not relieve management or those charged with governance of their responsibilities.

It is the responsibility of the Council to ensure that proper arrangements are in place for the conduct of its business, and that public money is safeguarded and properly accounted for. We have considered how the Council is fulfilling these responsibilities.
