Subject: Fare increase from Daniel McMahon Dvr no 232

Good afternoon Anthony,

Anthony I sent an e-mail approximately 4 weeks ago to the licensing team, with reference to the proposed increase, to date I have recieved no reply. Maybe you never recieved it.

Basically I felt the proposed increase was not sufficient, due to the rising costs of everyday living, food Fuel, bills etc.

So I would like to object to the fare increase, which as I understand is going out for public consultation on Fri 24th March.

I would propose a start rate of £3.40 Mon/Fri and a weekend rate of £3.90 distance as proposed etc.

I understand Adam has been in contact with a similar proposal, which i have signed.

I would appreciate any help or advice you can offer regarding the above.

Kind regards Daniel McMahon,
