

HUMAN RESOURCES STRATEGY (incorporating the Pay and Workforce Strategy)

1 The Council's Vision

The Council's vision as set out in the Corporate Strategy is:

To be a financially sustainable Council that delivers good value services, provides clear leadership and, with our partners, addresses the needs of the Borough.

2 Human Resource Strategy

The Human Resources Strategy is about recognising and developing the crucial contribution of every employee. This is prompted by the expectation/aspiration that all employees will:

- be customer focused
- be corporately aware
- demonstrate a "can do" approach to work
- appreciate the Council as a good employer
- consider themselves as colleagues in a joint endeavour to achieve the corporate vision.

The HR Strategy will be updated annually and will identify improvement priorities for the year ahead. The annual update will also report on the achievement of the improvement priorities identified the previous year, and on the outcomes of the previous year's equal opportunities monitoring.

Four key "building blocks" are used to inform and direct human resource activities. These are:

- Leadership and Management
- Effective Recruitment and Retention
- Communication and Team Working
- Workforce Development.

The Sections below provide an overview of the Council's current approaches to developing these "building blocks".

Leadership and Management Development

- We want managers and supervisors throughout Tonbridge & Malling Borough Council to meet their responsibilities to their colleagues by providing leadership, direction, purpose and support.
- Managers and supervisors will be expected to proactively seek out opportunities for service transformation and to set standards.
- All managers and supervisors will contribute to developing an organisational climate that encourages innovation, by encouraging their staff to engage positively in service transformation and in developing new ways of working.
- Corporate working will be promoted throughout the Council.
- All managers and supervisors will be expected to behave in accordance with the Council's Supervisory and Management Capability Checklists.
- Up to date advice, training and support on Council policies and procedures for dealing with a range of employee relations issues will ensure consistency of management style.
- New managers and supervisors will be equipped for their role by participating in appropriate training and development activities.
- Throughout their careers with the Council managers and supervisors will have opportunities to attend training and development events that reflect their responsibilities.

Effective Recruitment & Retention

We want an employment package that attracts and retains capable people who are committed to delivering excellent services to the community.

- We will balance internal progression with external recruitment so that the Council continuously reinvigorates its talent pool, and that appropriate succession planning ensures an appropriately skilled workforce for the future.
- We will endeavour to attract suitable applicants by clear job descriptions, person specifications and advertisements.
- There will be a fair and consistent recruitment and selection framework that supports diversity within the workforce and that is regularly inspected by our internal audit team. Our workforce broadly reflects the ethnic and gender distribution of the residents of the borough.

- We will offer employees a fair and competitive rate for the job that reflects the principles of equal pay. We will ensure equal status for part-time staff. In 2018/19 of a workforce of 270 permanent employees, 107 were employed on a part time basis.
- Wherever possible, we will offer employees flexible working opportunities that reflect the diversity of the workforce and facilitate a healthy Work Life Balance.
- We will ensure that working environments are safe and healthy.
- We will foster a supportive management ethos that recognises and values everyone's contribution.
- We will offer employees suitable training and development opportunities.

Communication and Team Working

We want to create a climate of trust, honesty and involvement. We recognise the need for open and honest two-way communication.

- We will maintain a system of annual individual appraisals and regular team briefings across the organisation.
- We will maintain a constructive relationship with accredited employee representatives and the Trade Union (Unison). There is an effective Joint Employee Consultative Committee which provides an opportunity for elected members, managers and employees to debate staffing issues.
- We will honour the Council's commitment to trust, honesty and involvement by working through employee relations issues according to the procedures specified in the Grievance, Disciplinary, Capability, Anti-Bullying and Harassment and Confidential Reporting Codes of Practice/Procedures.
- We will ensure that corporate information is easily accessible and will continue to develop the use of information technology for this purpose. All employees can access relevant corporate policies and e-learning modules on the Council's intranet.
- We will encourage development of a culture of corporate and co-operative working across the Council.
- We will encourage employees to influence the shape of future service delivery in an environment that embraces transformation and partnership working.

Workforce Development

We want employees to know how their contribution fits into the bigger picture, and to have the skills, knowledge and information they need to do their job effectively. We want them to feel committed to the Council and to enjoy coming to work.

- We will provide new employees with information about their job and employment package.
- Every new employee will undergo a customised induction process.
- All employee's will have an annual performance appraisal which will review their performance over the past year, set personal objectives for the year ahead, and identify any training and development needs.
- All employees will have access to training and development activities that are linked with their individual objectives as well as those of the service to which they belong.
- We will deal firmly and fairly with poor performance.
- On return from absence due to sickness, all employee's will engage in a return to work interview with their line manager that will attempt to identify any organisational factors which may have contributed towards their illness.
