

OUR PLAN TO FIX WASTE COLLECTION ISSUES

- 1. Doubling capacity with 20 additional refuse trucks and 50 more collection staff**
- 2. Switching to new trucks which focus on collecting either mixed recycling or food waste, not both**
- 3. Re-planning and reducing the size of some collection rounds to ensure they are completed**
- 4. Deploying additional inspectors at depots and on rounds to monitor performance**
- 5. Reducing agency staff in favour of more permanent staff**
- 6. Creating a rapid response teams to fix faults on refuse vehicles**
- 7. Improving data handling to help identify and respond to repeatedly missed 'hot-spots'**
- 8. Increase temporary council staffing to deal with complaints and reports of missed bins**
