Dear Sirs

I write regarding the proposed new double yellow lines outside 26 St Mary's Road in Tonbridge. Whilst we are not opposed to this in principle, please give some consideration to the difficulties that residents of this road find in parking outside or even near to their houses. There are too many cars wanting to park in our road compared to the number of spaces. [REDACTED] from the car when it's parked on Springwell Road or other neighbouring roads. Perhaps you could double the cost of a second parking permit to deter people from having two cars to park on our road, which would also be better for the environment too?

Kind regards

[REDACTED]

Dear Penny

Thank you for the recent correspondence regarding the disabled persons parking bay at side of 43 woodpecker road, Larkfield.

I am in support of TMBC making this an enforceable space, to prevent improper use.

Could you please outline the specification for disabled persons to park in the bay and also the specification if the blue badge is used to park across double yellow lines outside 27-41 woodpecker road

Kind Regards

To whom it may concern

I object to for changes on off street parking for 26 st Mary's Road Tonbridge AC4-02 as it is already very hard for us residents to find a space to park.

With this action taking place there would be one less space.

Kind regards

[REDACTED]

**Subject:** New and Amended Parking Restrictions 1 Victoria Road, Golden Green

Dear Sir  
AC4-08 1 Victoria Road, Golden Green

I am writing to object to the proposal regarding on street parking outside No 1 Victoria Road.

The resident at No 1 Victoria Road seems to have an obsession with anyone parking outside her house. Two years ago she got permission from the council for a lowered kerb and driveway onto her property although she doesn't drive and doesn't own a vehicle, it was merely a means to stop people parking outside her house as can be seen by the numerous warning signs on her front fence. Parking in this area is difficult, and her action effectively denied someone else a parking place.

If she wants to pay for this proposal including administration charges, then I do not have a problem with that, however the cost must not come out of public funds, there are many other things in the borough the council could better spend its money on.

Sincerely

[REDACTED]

**Subject:** Re:- AC4-02 26 St Marys Road

Hello,

I support this application to allow the home owner proper access to her drive. I am going to apply for the same thing as my drive is constantly blocked by a car parking outside of the bay which overhangs my drive. Some of the houses opposite without drives own 2 or even 3 cars, the police staff use the road and commuters post 10.30. We need need further restrictions on the road which will allow those residents without drives to park more easily

Comments	
<p>We object to this adjustment in parking bay as there is already limited parking on St. Marys Rd.                  We have lived on St. Marys Rd for [redacted] and your proposal is that this 3-car bay would become a 2-car bay therefore losing an extra car-parking space outside our house.                  Along with [redacted] frequently have to park a great distance from our house which often proves problematic.</p>

Comments	
TMB/C	
<p>A complete waste of KCC money as no cars <u>ever</u> park there only occasional parcel delivery vans for a couple of minutes to drop off. The money for this would be better put to restricting the speed some cars drive up this road.</p> <p>If the resident feels the complete unnecessary need for double yellow lines then this should be paid for by the resident.</p>

Comments	
[Redacted] these of my far too many neighbours with 2 cars and family visitors plus constant delivery vans. The reason for this last attempt to stop people parking here is to have these lines done [Redacted] emergency Ambulances often and the bellin Customers are parking here Also Ambulances have before now had to park in middle of the Rd to deal with [Redacted] plus go Round next to the Road opp Victoria Rd	
Signed	Date
[Redacted]	

Which is where our dust carts go once a month. Also when in all [Redacted] comes and cannot park or get onto my drive owing to parked vehicles [Redacted] phoned the Police many times when visitors to the area park here regardless of the signs and visit for hours

The People in the pub have even tried to rip off [REDACTED] Signs we bought for the Purpose asking them not to Park and even told neighbours to please not park or their family visitors. I was advised by the medical professionals to have a drive done so they can reach me quickly and also the Ambulance drivers as they get annoyed if they cannot Park here. Its not fair on me or my family as I could die [REDACTED] Its so [REDACTED] important to me as we got [REDACTED] and have almost died as the ambulance couldn't park anywhere. So inspite of me having a drive done and Signs not to park <sup>As they visit</sup> [REDACTED] and at [REDACTED] occasions and then we had to call police if my family has rung them to say they are coming and an ambulance. I shouldn't have to put up with this day in and day out its a constant nightmare with these selfish people. Parking day in & day out and every night. They even use this as a turning point damageing my dustbins & plant pots. This village is far too small & the houses are so close together, they even park on the pavements. We get an awful lot of farm traffic and there massive trucks coming through this village delivering truck loads of water. This adds to the parking problem considerably. Also cars are using our village as a quick way to going to Maidstone & Surrounding Areas - its getting worse & worse.
