

ANNUAL GOVERNANCE STATEMENT

Purpose of this Statement

The purpose of the Annual Governance Statement is to assess and demonstrate that there is a sound system of corporate governance throughout the organisation.

Scope of responsibility

Tonbridge & Malling Borough Council is responsible for ensuring that its business is conducted in accordance with the law and proper standards covering local authority activities, and that public money is safeguarded and properly accounted for, and used economically, efficiently and effectively. The Council also has a duty under the Local Government Act 1999 to make arrangements to secure continuous improvement in the way in which its functions are carried out, having regard to a combination of economy, efficiency and effectiveness.

In discharging this overall responsibility, the Council is responsible for putting in place proper arrangements for the governance of its affairs, facilitating the effective exercise of its functions, and which includes arrangements for the management of risk.

The Council has approved and adopted a Local Code of Corporate Governance which has been developed in consideration of the principles of the CIPFA/SOLACE Framework Delivering Good Governance in Local Government. A copy of the authority's Code can be obtained from the Legal team. This statement explains how the Council has complied with the Code and also meets the requirements of the Accounts and Audit (England) Regulations which requires all relevant bodies to prepare an Annual Governance Statement.

The purpose of the governance framework

The governance framework comprises the systems and processes, culture and values by which the authority is directed and controlled and its activities through which it accounts to, engages with and leads its communities. It enables the authority to monitor the achievement of its strategic objectives and to consider whether those objectives have led to the delivery of appropriate services and value for money.

The system of internal control is a significant part of that framework and is designed to manage risk to a reasonable level. It cannot eliminate all risk of failure to achieve policies, aims and objectives and can, therefore, only provide reasonable and not absolute assurance of effectiveness. The system of internal control is based on an ongoing process designed to identify and prioritise the risks to the achievement of the Council's policies, aims and objectives, to evaluate the likelihood and potential impact of those risks being realised, and to manage them efficiently, effectively and economically.

The governance framework has been in place at Tonbridge & Malling Borough Council for the year ended 31 March 2021 and up to the date of approval of this statement.

The governance framework

The Council's Local Code of Corporate Governance sets out the arrangements in place to govern the Council's activities under seven main headings.

Behaving with integrity, demonstrating strong commitment to ethical values, and respecting the rule of law

Standards of conduct among Members and Officers are governed through the Council's Members' Code of Conduct and Officer Code of Conduct. Effective communication between Members and Officers is ensured through the Protocol on Member/Officer Relations documented within the Constitution. Arrangements are in place ensuring both Members and Officers declare any interests that may impact on the Council's decision making process. Such interests are recorded on a register which is maintained and monitored by the Monitoring Officer and the register of Members' Interests published on the Council's website.

The Members' Code of Conduct is based around ethical behaviour and requires objective and impartial decision making. The Code is communicated to all new Members on induction. Upholding standards of Member conduct is the responsibility of the Standards Committee. The Committee are also responsible for ensuring Members receive suitable induction and ongoing training and support.

All staff are required to read and understand the Officer Code of Conduct available through the Council's intranet and are bound by it as detailed in employee contracts. The Council has an

appraisal scheme in place for all staff that seeks to ensure staff achieve agreed levels of performance and the monitoring and management of performance is the responsibility of line managers. In addition the Council's statutory Officers are subject to Continuing Professional Development through their respective Professional Organisations.

The Council's duty to ensure that all activities undertaken are in accordance with the law is discharged in part by the Council's Constitution including its Financial Procedure Rules and Contracts Procedure Rules and supported by strategies/policies relevant to Council activities that are made available to staff and the public via the Council's intranet and internet sites respectively. Where it is appropriate strategies/policies are allocated to a lead Officer who is responsible for their periodic review and updating.

Ensuring openness and comprehensive stakeholder engagement

The decision-making framework of the Council is set out in the Constitution including statutory functions and the scheme of delegation of responsibilities. The Constitution is kept under review by the Monitoring Officer and Management Team with any proposed changes presented to the Council for adoption where not delegated to the Monitoring Officer. The Cabinet are responsible for taking most operational decisions. Notices of Key Decisions are published in advance via a monthly bulletin on the Council's website. All Member meetings held by the Council are open to the public, unless the items being discussed are considered to be private under the Local Government Act 1972; these will include staffing and legal matters and those of a contractual nature.

The Council's Constitution details the roles and responsibilities that are delegated to Members and Officers and specifies which decisions may be made by individuals and which are reserved for Committee, Cabinet or Council. The Constitution includes the Council's Financial and Contracts Procedure Rules setting out the Council's standing orders and financial regulations. The specific roles and responsibilities of Officers are set out through the scheme of delegation including the specific responsibilities of the Chief Executive (as Head of Paid Service), the Section 151 Officer and the Monitoring Officer ensuring effective arrangements are in place for the discharge of these functions.

The Overview and Scrutiny Committee is responsible for reviewing and scrutinising the decisions made by and performance of the Cabinet and/or Committees and Council Officers. Decisions made by Cabinet or a Cabinet Member on the recommendation of an Advisory Board can be subjected to scrutiny via a call-in procedure allowing challenge within five working days of the decision being taken.

The Council has established arrangements to communicate and consult with stakeholders on the Council's work and key policy changes and this consultation allows the development of strategic priorities and the Corporate Strategy. In addition, the Council uses its complaints procedure to understand where services can be improved.

Defining outcomes in terms of sustainable economic, social and environmental benefits

The Council has published a Corporate Strategy. The Strategy sets out Our Vision: To continue to be a financially sustainable Council with strong leadership that delivers valued services, a commitment to delivering innovation and change to meet the needs of our Borough guided by our values and priorities: Achieving efficiency; Embracing effective partnership working and funding; Valuing our environment and encouraging sustainable growth; and Innovation. In 2020/21 a one-year addendum added to the Corporate Strategy to provide a framework within which to consider a wide range of issues in response to the Covid-19 pandemic and development of a future recovery plan.

Delivering excellent quality services while providing good value for money is fundamental to the Council's vision and this is demonstrated in the focus within the Corporate Strategy on redesigning services and further improving efficiency across all services.

The Council's Medium Term Financial Strategy (MTFS) covers both revenue and capital budgets, and it is this strategy that underpins the budget setting process for the forthcoming year and over the strategy period. The aim of the MTFS is to give us a realistic and sustainable plan that reflects the Council's priorities and takes us into the future. Alongside the MTFS sits a Savings and Transformation Strategy. Its purpose, to provide structure, focus and direction in addressing the significant financial challenge that lies ahead.

Value for money considerations are set out in all Member reports where relevant. The social impact of decisions is considered throughout the decision making process, including the carrying out of an

Equalities Impact Assessment. Where relevant, policies are subject to a Strategic Environmental Impact Assessment prior to adoption.

Determining the interventions necessary to optimise the achievement of the intended outcomes

Decision making mechanisms are set out in detail in the Council's Constitution. Whether a decision is at Council, Cabinet or Committee level it is informed by a report encompassing advice from relevant services across the Council. Where relevant, alternative options are provided within Member reports, with an assessment of the advantages and disadvantages of those options.

The Corporate Strategy and in 2020/21 the one-year addendum provide a reference point for the actions we take to maintain and improve the services which are most important to the local community whilst taking into account a much reduced level of funding. The delivery of the Corporate Strategy and the one-year addendum is supported by operational plans prepared by individual services, which in turn are fed down to team and individual objectives through performance management arrangements.

Performance of the Council and its partners in achieving its objectives is monitored and measured by services and their respective Service Management Teams and subsequently Members. Individual services are accountable to the Corporate Management Team for operational performance monitoring and measurement and are responsible for taking action to correct any adverse performance, in the first instance, as appropriate.

Developing the entity's capacity, including the capability of its leadership and the individuals within it

The Council works towards improving value for money through exploration of innovative ways of working including IT related solutions; potential for joint working and shared services; robust budgeting and financial monitoring arrangements including detailed reviews of budgets and potential savings opportunities and the work of internal and external audit.

The Council has a training programme for Members and holds regular training sessions (both on a programmed and ad hoc basis) on a variety of topics including induction training for all new Members and Committee specific training, e.g. Audit Committee.

The Council has an extensive training programme for officers including mandatory and voluntary training. Staff have access to appropriate induction training, and ongoing training (both on a programmed and ad-hoc basis) relevant to their roles. The annual appraisal process reviews staff performance and also identifies training needs.

Managing risks and performance through robust internal control and strong public financial management

The core functions of an audit committee as defined by *CIPFA's Audit Committees: Practical Guidance for Local Authorities* is fulfilled by the Council's Audit Committee. The Council's Constitution sets out the responsibility of the Audit Committee to provide independent assurance of the adequacy of the risk management framework and associated control environment. To do so, the Audit Committee has adopted a Risk Management Strategy that sets out the roles of Members and Officers in the identification and minimisation of risk.

Risk management practices are embedded within the organisation through the annual service and strategic planning processes, which is used to develop the Council's vision and objectives. This ensures that risks to the achievement of the Council's objectives are identified and managed appropriately. Risks identified are scored on the basis of their likelihood and impact and existing controls and required actions to further mitigate risks are captured in risk registers and a risk management escalation process in place. The framework sets out the responsibility of Officers leading on areas with partnership arrangements to ensure that the partner has an adequate risk management strategy and sufficient insurance cover to protect the interests of the Council.

Specific issues that required corporate ownership, action and monitoring in 2020/21 and identified as high risk areas on the Strategic Risk Register included the waste services contract, council finances, the Local Plan and County Council and Police and Crime Commissioner elections.

Throughout 2020/21 the Covid-19 pandemic had a profound impact across service areas, businesses and the wider community and continues to do so. We will not know the full extent of the impact for some time. In looking forward it is assumed that the reductions in income and increased costs seen as a result of the pandemic will in large part return to pre Covid-19 levels in the short to medium term. The extent and speed of the recovery will need to be closely monitored and to take corrective action if this is proved not to be the case.

The Council's standard report template requires Members and Officers to carry out a risk assessment of the action recommended in the report ensuring risk is considered in all decision-making of the authority. This assessment also covers legal, financial and value for money considerations and equality issues where relevant.

The Council has an effective Internal Audit function which operates in line with proper practices; for 2020/21 this is governed by the Public Sector Internal Audit Standards and the CIPFA application note to the Standards. The Chief Audit Executive role meets the requirements as set out in the CIPFA Statement on the Role of the Head of Internal Audit in Public Service Organisations. The Audit Committee are responsible for the Council's anti-fraud, bribery and corruption arrangements including whistleblowing. The Chief Audit Executive is responsible for the maintenance of the Council's Anti-Fraud, Bribery & Corruption Policy and Whistleblowing Policy and has arrangements and resources in place to investigate any allegations made under either document.

The Council's financial management arrangements conform to the governance requirements of the CIPFA Statement on the Role of the Chief Financial Officer in Local Government and comply with the CIPFA Financial Management Code principles of good financial management for an authority of its size, responsibilities and circumstances. The Council's financial information and reporting arrangements are sound and the external auditor following the 2019/20 audit concluded in all significant respects, the audited body takes properly informed decisions and deploys resources to achieve planned and sustainable outcomes for taxpayers and local people.

Implementing good practices in transparency, reporting, and audit to deliver effective accountability

The Council has implemented the mandatory and (where cost effective) recommended principles set out in the Local Government Transparency Code.

All reports (save those which are exempt) for both historic and prospective meetings of the Council and its Committees and Boards are made available to the public through the Council's website. Where possible, reports are written in a public-facing and non-technical manner.

The annual Statement of Accounts reports the Council's financial performance and is prepared in accordance with the CIPFA Code of Practice on Local Authority Accounting in the UK and is subject to external audit. Included within the Accounts is an opinion given by the Council's external auditors on value for money through economic, efficient and effective use of resources.

The Review of Effectiveness of the System of Internal Audit for the year 2020/21 concluded that a good system of internal audit is in place within the Council.

Review of effectiveness

Tonbridge & Malling Borough Council has responsibility for conducting, at least annually, a review of the effectiveness of its governance framework including the system of internal control. The review of effectiveness is informed by the work of the managers within the authority who have responsibility for the development and maintenance of the governance environment, the Chief Audit Executive's Annual Report, and also by comments made by the external auditor and other review agencies and inspectorates.

The effectiveness of the Council's governance arrangements has been evaluated through a self-assessment against the principles of the CIPFA/SOLACE document, *Delivering Good Governance in Local Government Framework 2016*.

It should be noted that no significant governance issues were identified in the Annual Governance Review and no other areas were identified for further enhancement.
