**Signatures:** 3,014

After my 13 year old son has been a victim on numerous occasions down the park & the most recent one to date - being attacked with a wrench i would like some decent CCTV cameras installed to keep our children SAFE!!

Parks should be safe for all and places for our children to play, our teenagers to relax, for all of us to walk and be in a safe environment.

Longmead Park, in the north of the town, should be such an area as it has wonderful facilities We are increasingly hearing news of attacks on children by older children, teenagers terrorising those smaller and more vulnerable than themselves, bikes being stolen and the atmosphere has unfortunately become worrying and residents are avoiding the area.

This area should become a priority to keep residents safe!!

Luckily no lasting damage but it could have been ALOT worse!!
