Dear Licensing Team.

I'm presenting signed by 31 stakeholders objection to fare increase proposal from 23/12/2021 but I don't know is it right to give only two weeks over Christmas and New year period, when I think there should be 5 days extra given. Therefore there could be more signatures collected.

To

Tonbridge Licensing Department-

I support ~~Adam~~ Adam Gradzik  
in relation to increasing the  
fare from the current levels  
~~to~~ We need a fare  
increase of minimum 30p per  
mile especially in light  
of rising inflation fuel cost  
and vehicle costs.

Regards

Zaher Ahmad.

Objection to the current fare increase proposal.

Tonbridge, 3<sup>rd</sup> January 2022

Dear Licensing Team.

We need a proper fare increase per mile.

How can we provide excellent service without it.

It is not enough only £0.50 on every job.

We need about £0.30 minimum fare increase on each mile.

That could give us on a distance of 5 miles £1.50 fare increase, so there will be on 5 miles £15.30 additionally £1.50 and it's essential to get a proper profit on a job like that.

Also shorter jobs going to be supported 1 mile from £ 4.90 to £ 5.20 ,

or 2 miles from £7.50 to £ 8.10 so every mile is up.

That's what we need.

Further ignoring a mileage fare increase could lead to potential disruption on our service, losing interest of stakeholders to continue this very underrated profession.

That change of time and half from 23:30 is a good idea,

because it can reduce an impact of the customers,

happy to get a taxi on a single fare just before a midnight.
