

TONBRIDGE & MALLING BOROUGH COUNCIL

OVERVIEW AND SCRUTINY COMMITTEE

26 January 2023

Report of the Director of the Chief Executive

Part 1- Public

Matters for Information

1 KEY PERFORMANCE INDICATORS

One of the key recommendations of the Peer Challenge Review was to “establish a Corporate Performance Framework which provides visibility and a formal mechanism to track your progress.”. This covering report and appendix provides a list of Key Performance Indicators (KPIs) that will be monitored on a quarterly-annual basis and made available on an ongoing basis.

1.1 Overview of KPIs and Next Steps

- 1.1.1 The KPI dataset that is provided represents the key strategic indicators that the Council reports on to various Government departments and bodies. They are not designed to provide detailed service specific indicators.
- 1.1.2 Each of the three Scrutiny Select Committees are receiving a suite of KPIs that specifically relate to their area of interest. The KPIs provided in Appendix 1 are those that are either more corporate in nature or do not fit under the remit of the Scrutiny Select Committees. A baseline covering April-June 2022 has been used, with the data for July-September 2022 representing the most up-to-date available statistics for the most part. Where available, statistics relating to October-December 2022 have been provided.
- 1.1.3 Where required, short explanatory notes have been provided to give additional context.
- 1.1.4 If there are any questions regarding the KPIs provided, **these should be submitted to the relevant Director/Chief Executive at least 2 days in advance of the scrutiny select committee meeting** in order to ensure that a suitable response can be provided at the meeting. If additional queries are raised at the scrutiny select committee meeting, these will be responded to within 5 working days.
- 1.1.5 As these statistics are collated on an annual or quarterly basis, and the scrutiny select committees are five times a year, it will not be possible to provide every

meeting with new KPI information. However, it is intended to report to the upcoming select committees once the quarterly information has been produced.

1.1.6 This KPI reporting represents the first stage of a programme of activity to action the recommendation from the Peer Challenge Review. Future steps are likely to include;

- Providing comparator baselines for other Kent districts and other similar authorities (for example, our CIPFA grouping)
- Agreeing KPI targets relating to improvement or maintenance of service delivery standards
- Exploring opportunities for benchmarking offered by the LGA's performance management function
- Regular review of the KPIs at Management Team and Service Management Teams, especially as the Corporate Strategy evolves and is finalised, in order to ensure that there is strong alignment between the KPIs and the Corporate Strategy.

1.1.7 Further down the line, a technological solution, such as Power BI (which is currently being used for planning enforcement) may enable the collation of and access to KPIs to become more streamlined, with real-time, self-serve access for officers and Members. This will be explored alongside the rollout of Agile, which utilises Power BI reporting already. This is likely to provide the opportunity for more detailed statistics about individual service areas and these models will be co-developed by officers and Members.
