# Foreword from the Leader and Chief Executive

Tonbridge and Malling is a great and safe place to live, work and socialise. Our historic environment, heritage and countryside has attracted investment for many years.

Since 1974, Tonbridge and Malling Borough Council has been there to support residents, businesses and anyone visiting the area. It delivers its core service well. The borough council has helped so many people and organisations through the challenges of recent years. But there is more that can, and needs, to be done.

As the council approaches its 50<sup>th</sup> birthday, this Corporate Strategy catapults the borough council into a new era - leading in investing and delivering for the towns and villages that make up this beautiful area.

There are three key values that define our approach:

## Innovation, Transformation and Delivery

By pro-actively encouraging these values, we can transform our council and the towns and villages that make up our borough. This allows us to deliver modern and successful public services that help to meet our four key priorities for the borough:

- 1 **Efficient** services for all our residents, maintaining an effective council
- 2 **Sustaining** a borough which cares for the environment
- 3 **Improving** housing options for local people whilst protecting our outdoor areas of importance
- 4 **Investing** in our local economy

To be an effective community leader, we must continue to provide these services to the standards that residents expect. We know expectations have, rightly, risen. Our challenge is to use new approaches to meet this.

We've got to be flexible in dealing with the challenges we face, both locally and across the country, even the world. Using our ambitious sustainability plans as a base, we can help to transform our community to one which puts greater emphasis on the health of the environment. This will mean acknowledging the importance of our green spaces when taking a balanced approach between the need to tackle the housing crisis and protecting our countryside.

And by leading as an ambassador for business in West Kent, we can demonstrate why Tonbridge and Malling has such a great track record of investment, regardless of economic conditions.

This Corporate Strategy marks a change in the approach of Tonbridge and Malling Borough Council. It is a clear indication of where we wish to take this council, to clearly communicate and lead in the delivery of public services and investment in the community.

As a bold, forward looking Corporate Strategy this sets the benchmark for delivery over the next few years. We are ambitious for Tonbridge and Malling to meet its potential, and look forward to sharing this journey with you all.

We Do

PETERS BRIDGE

# Meeting our Priorities

## **Efficient services for all our residents, maintaining an effective Council.**

We want the people of Tonbridge and Malling to enjoy good quality public services, to feel safe and enjoy the benefits that digital technologies offer. Between now and 2025 we will:

- Promote well-being and help people, especially our most vulnerable residents, to live healthy and active lifestyles. This includes facilitating good quality leisure facilities and services across Tonbridge and Malling.
- Through key partnership working with Kent Police and other partners, support residents and ensure safeguarding is an integral part of Council activity.
- Make our services and advice available to residents 24 hours a day through digital innovation, and ensure the borough council is able to respond efficiently to the needs of local residents.
- Identify new and innovative ways to deliver our services in the most cost-effective and efficient way.
- Further move the borough council forward so its services are delivered effectively, bringing value for money and being keen to adopt new ideas and innovations for Tonbridge and Malling.

BASTED MILL

## **Sustaining a borough which cares for the environment.**

We're committed to creating a borough which protects the environment and provides beautiful spaces for our residents and visitors to enjoy. Between now and 2025 we will:

- Deliver climate change plans which focus on cutting emissions, increasing biodiversity and facilitating healthy and active lifestyles.
- Build on our track record of recycling more than anywhere else in Kent with measures to further improve rates while reducing overall levels of waste and fly-tipping.
- Improve air quality in the borough by tackling sources of pollution such as car idling and taxi emissions, backed up by design-led approaches in new developments and encouraging sustainable travel.
- Continue our successful management of parks, open spaces and leisure centres so the best recreational facilities are available to everyone.
- Recognise and support our local built heritage to give people pride in the place they live.

## **Improving housing options for local people, whilst protecting our outdoor areas of importance.**

We will bring forward plans to help people onto the housing ladder, improve standards in the rented sector and support those at risk of homelessness through ensuring a strong focus on affordable housing in the borough. Between now and 2025 we will:

- Develop a Local Plan which will ensure the provision of new homes in appropriate locations, focusing on tackling the need to deliver a range of housing for the whole community.
- Ensure a supply of affordable housing for people who would struggle to buy on the open market
- Use every power we can to support those who are most in need of housing support and at risk of becoming homeless.
- Improving standards in rented accommodation, including offering help to make flats and houses more energy efficient.

## Investing in our local economy

Many local businesses have faced tough challenges over recent years, not least the profound changes brought about by the shift to online shopping. We want to support businesses which are the lifeblood of the local economy and help them adapt and grow in the future. Between now and 2025 we will:

- Deliver a range of measures to help our local economy bounce back from the covid-19 pandemic and current economic pressures.
- Identify ways we could use our land and other assets better, especially in Tonbridge town centre.
- Develop proposals to raise the profile of Tonbridge Castle and all council assets, boosting income generation opportunities and our reputation as a partner to work with.
- Strengthen our links with strategic partners and funding bodies in the public and private sectors to maximise the support available for our local economy.

# Annex 1: Our Key Strategies

Our Corporate Strategy does not stand-alone – there are a whole host of key strategies that underpin this document and deliver for the benefit of our residents, visitors and businesses. Some of these key strategies are:

- Climate Change Strategy – sets out an aspiration for the borough council to be carbon neutral by 2030, with an action plan that illustrates key steps required to contribute towards this goal.
- Community Safety Partnership Strategy – creating a safer and more resilient Tonbridge and Malling.
- Digital and IT Strategy – aims to allow the communities and businesses we serve to be able to engage and transact with us responsively and seamlessly.
- Economic Recovery Strategy – aims to help create a dynamic and inclusive economy that fosters sustainable growth.
- Housing Strategy – improving housing supply and options for the community.
- Local Plan – will guide development across the borough through to 2040 and will include policies on great design, delivering the services communities need, affordable housing and regenerating Tonbridge Town Centre.
- Medium-Term Financial Strategy – a financial framework within which financial stability can be achieved to deliver the council's key priorities.
- Savings and Transformation Strategy – aims to bridge the funding gap identified in the Medium-Term Financial Strategy through savings and transformation.
