

# Urge Tonbridge Council to think again about the new Leisure Centre Location

Started

8 December 2023

## Why this petition matters

Started by [Colin harwood](#)

For over 70 years, our beloved miniature railway site has been a cherished part of Tonbridge's community fabric. Funded by the lottery, we have provided countless train rides and fostered a love for model railways and engineering among generations. Now, we understand that our site is under threat as it is being considered as the preferred location for a new leisure centre.

If this were to happen, it would erase decades of history and community engagement. The miniature railway site has not only been an educational resource but also a place where people come together to share their passion for trains and engineering.

We understand the need for new facilities in our town. However, we feel that there must be other potential sites that can accommodate the proposed new leisure centre without disrupting an established community hub.

We urge you all - residents of Tonbridge - to stand with us in this fight. Let's remind the council about the importance of preserving local heritage and encourage them to consider alternative locations for their proposed leisure centre development project.

Please sign this petition today and help protect our miniature railway site from being replaced by a new leisure centre.

## Victory
