Subject: Parking Action Plan - Phase 15

Dear Ward Members for East Malling, West Malling & Offham

Temple Way

Concerns have been raised about obstructive parking on Temple Way (near the footpath from the back of Owen Close).

To address this we are proposing new double yellow lines to prevent parking near the footpath and the nearby garage block. Accordingly we are asking those in the local area for their views.

Details of the proposals are shown on the enclosed plan reference DD607-07 East Malling - Temple Way.

The Rocks Road

Concerns have been raised about obstructive parking and parking on the pavement on The Rocks Road.

To address this we are proposing new double yellow lines. Accordingly we are asking those in the local area for their views.

Details of the proposals are shown on the enclosed plan reference DD607-08 East Malling - The Rocks Road.

This informal consultation runs from 18th February 2024 and if you wish to comment (either in support or against the proposals) it would be appreciated if you could return your comments by 16th March 2024. We will then collate and review the responses and consider the next steps.

Andy Bracey FIHE
Parking Manager
Street Scene, Leisure & Technical Services

Location – East Malling - Temple Way (footpath from Owen Close)

Consultation response – Phase 15 Online-113

I support the proposed changes for East Malling - Temple Way (footpath from Owen Close)

Comments

Whilst this does not directly affect me, this will help traffic turning right from Walpole Close into Temple Way by having a clear line of sight. There will be no point in yellow lines though if parking on them is not monitored. Yellow lines in Bond field Road does not stop people parking on them because it is not monitored.

Location – East Malling - Temple Way (footpath from Owen Close)

Consultation response – Phase 15 Online-279

I object to the proposed changes for East Malling - Temple Way (footpath from Owen Close)

Comments

As a private home owner, we struggle to park our cars as it is. We should have access to parking within east access to allow us to load and unload our cars safely. The car park next to our row is always overflowing, it's a scramble to get outside our house in the layby already and we often have to park in an opposite road.

**Informal Consultation
New & Amended Parking Restrictions
Temple Way, East Malling, West Malling**

I'm sending this email ,giving my views of your ideas of putting in yellow lines,I live at [REDACTED] Walpole close,the car park is not big enough for the residents that live here,we have 2 abandoned vehicles in the carpark which have been reported (LV11 HFL and BP69 ZRT) regularly numbers have been reported, sometimes I have to park in the area you wish to put yellow lines, because there is nowhere else to park after I finish work.i suggest you plane to pull down the remaining garages as no vehicles are stored in them there all full up with junk to be honest this would give the residents more parking spaces, we will fight this proposal as much as possible, many thanks [REDACTED]

To whom it may concern,

I live at [REDACTED] temple way east Malling and I am in favour for the lines on the road but we also need something on road where the drives are as we have school parents when they can't park opposite park up on the pavement blocking the drives so ourselves or our children who are SEN get taxi's cannot enter our drives and drop children off safely also stops pedestrians walking on footpath so they have to walk on road with pushchairs and wheelchairs we are also having people and delivery companies parking on our drives and heading up the estate to do deliveries. The problem with this road is there are a number of people that have the likes of 3/4cars per house the car park in Walpole road is also dangerous as cars just park anywhere including on the footpath which makes it hard for cars to go in and out so they park along temple way too

Hi

I am a resident at walpole close and I'm responding to the letter sent out regarding adding double yellows on temple way.

The walpole close parking lot is already being abused by people who don't live within the houses and there's also cars that are just left there for days on end (ones even being sold and hasn't moved for a year)

I struggle to find a space some days and I have a large vehicle so it's frustrating.

I think it would be beneficial to put RESIDENT ONLY PERMITS in place to stop people who don't reside in the houses from parking in the spaces and causing over crowding.

Regards
